

include short-term rental assistance to displaced homeowners), is temporary in nature, and DHHL determines that the families are impacted by the disaster and that there is a need for housing for such family that cannot reasonably be met without such assistance.

Under this waiver, Native Hawaiian families impacted by PDD can automatically be served provided their household income does not exceed 120 percent of AMI, there is no duplication of benefits, and all eligible criteria in this waiver are met. All assistance must be temporary in nature. For instance, such families may receive temporary rental assistance that is time-limited pursuant to DHHL's policies but may not receive permanent tenant-based rental assistance with no specified end date. DHHL must ensure that NHHBG assistance provided does not result in a duplication of benefits. For example, DHHL should not pay for costs that are already covered by private insurance or other Federal or State funds or programs. Further, when providing this assistance, DHHL must maintain records documenting that all these criteria were met at the time that such assistance was provided. HUD encourages DHHL to update its written policies to allow middle-income Native Hawaiian families who are impacted by disasters covered by a PDD to be considered eligible for NHHBG homeownership assistance and include a definition for 'temporary' assistance.

2. Income Verification (24 CFR 1006.320)

24 CFR 1006.320 requires DHHL to have written policies regarding tenant and homebuyer selection and criteria related to eligibility for NHHBG assistance. Many families whose homes were damaged or destroyed by the disaster may not have any documentation of income. DHHL may modify its policy and procedures to streamline any income verification and documentation requirements for families impacted by PDDs. This may include allowing income self-certification over the phone (with a written record by the DHHL's staff), or through an email with a self-certification form signed by a family. This waiver applies only to families impacted by PDDs whose income documentation was destroyed or made difficult to access by the disaster.

II. Instructions

To use the waivers or flexibilities, grantees must provide notification in writing, preferably by email, to the Administrator in the ONAP Area Office serving their area before the grantee

anticipates using the waiver or flexibility. The written notification should include the following details:

- Requestor's Tribe/TDHE/DHH, name, title, and contact information.
- Presidentially declared major disaster area(s) where the waivers will be used.
- Date on which the grantee anticipates the first use of the waiver or flexibility, and its expected duration (which must include a specific end date), and
- A list of the waivers and flexibilities the grantee will use.

III. Exceptions

An IHBG, ICDBG, or NHHBG grantee within a PDD may request an exception of a HUD requirement not listed in Section I of this notice. HUD will only consider such exception requests subject to statutory limitations and pursuant to 24 CFR 5.110.

IV. Period of Use for Waivers and Flexibilities

Waivers and flexibilities provided in this Notice will remain available to grantees provided a grantee is using the waivers or flexibilities in response to the PDD or as part of the recovery process effort. HUD recommends that grantees clearly document the need for each waiver and flexibility in their records and ensure that a specific time period for which the grantee will use the waivers and flexibilities that the grantee specifies in its written notification to HUD, described in Section II of this Notice, is reasonably set and ties back to the response and recovery effort. If a grantee finds a need to extend the period for which it will use a waiver or flexibility beyond the end date initially set by the grantee in its initial written notification to aid in its ongoing recovery effort, the grantee should send HUD written notification of its intent to extend the end date. The request must also demonstrate to HUD's satisfaction that the new time period is reasonably set and ties back to the response and recovery effort.
