

the Court's ruling is not appealed or, if appealed, upheld by the CAFC, Commerce will instruct U.S. Customs and Border Protection to assess antidumping duties on unliquidated entries of subject merchandise exported by the respondents using assessment rates based on these amended final results of review.

Cash Deposit Requirements

Because the cash deposit rate for all of the respondents listed above, with the exception of Jiawei Solarchina Co. Ltd., Ningbo ETDZ Holdings, Ltd., Star Power International Limited, and Toenergy Technology Hangzhou Co., Ltd., have been superseded by cash deposit rates calculated in intervening administrative reviews of the AD order on solar cells from China, we will not alter the cash deposit rate currently in effect for these respondents based on these amended final results. Effective June 25, 2020, the cash deposit rate applicable to entries of subject merchandise exported by Jiawei Solarchina Co. Ltd., Ningbo ETDZ Holdings, Ltd., Star Power International Limited, and Toenergy Technology Hangzhou Co., Ltd. is 3.19 percent.

Prestressed Concrete Steel Wire Strand From the Republic of Turkey: Postponement of Preliminary Determination of Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable July 1, 2020.

FOR FURTHER INFORMATION CONTACT:

Whitley Herndon, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6274.

SUPPLEMENTARY INFORMATION:

Background

On May 6, 2020, the Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation on imports of prestressed concrete steel wire strand (PC strand) from the Republic of Turkey (Turkey).¹ Currently, the preliminary determination is due no later than July 10, 2020.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.²

On June 12, 2020, the petitioners³ submitted a timely request that Commerce postpone the preliminary CVD determination.⁴ The petitioners request postponement to allow the petitioners and other interested parties additional time to analyze the initial questionnaire responses submitted by respondents and the Government of Turkey, and for Commerce to request additional or clarifying information, if necessary.⁵

In accordance with 19 CFR 351.205(e), the petitioners have stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no

Calcium Hypochlorite From the People's Republic of China: Continuation of Antidumping Duty Order and Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order and countervailing duty (CVD) orders on calcium hypochlorite from the People's Republic of China (China) would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD and CVD orders.

DATES: Applicable July 1, 2020.

FOR FURTHER INFORMATION CONTACT: Rachel Greenberg, Office V, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of

⁶ The 130th day falls on Sunday, September 13, 2020. It is Commerce's practice that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0652.

SUPPLEMENTARY INFORMATION:

Background

On January 30, 2015, Commerce published its AD order and CVD order on calcium hypochlorite from China.¹ On December 2, 2019, the ITC instituted,² and Commerce initiated,³ the first sunset reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its review, Commerce determined that revocation of the *Orders* would likely lead to continuation or recurrence of dumping and countervailing subsidies and, therefore, notified the ITC of the magnitude of the margins and net countervailable subsidy rates likely to prevail should the *Orders* be revoked.⁴

On June 23, 2020, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Orders

The product covered by the *Orders* is calcium hypochlorite, regardless of form (e.g., powder, tablet (compressed), crystalline (granular), or in liquid solution), whether or not blended with other materials, containing at least 10 percent available chlorine measured by actual weight. The scope also includes bleaching powder and hemibasic calcium hypochlorite.

Calcium hypochlorite has the general chemical formulation $\text{Ca}(\text{OCl})_2$, but may also be sold in a more dilute form as bleaching powder with the chemical formulation, $\text{Ca}(\text{OCl})_2 \cdot \text{CaCl}_2 \cdot \text{Ca}(\text{OH})_2 \cdot 2\text{H}_2\text{O}$ or

hemibasic calcium hypochlorite with the chemical formula of $2\text{Ca}(\text{OCl})_2 \cdot \text{Ca}(\text{OH})_2$ or $\text{Ca}(\text{OCl})_2 \cdot 0.5\text{Ca}(\text{OH})_2$. Calcium hypochlorite has a Chemical Abstract Service (CAS) registry number of 7778-54-3, and a U.S. Environmental Protection Agency (EPA) Pesticide Code (PC) Number of 014701. The subject calcium hypochlorite has an International Maritime Dangerous Goods (IMDG) code of Class 5.1 UN 1748, 2880, or 2208 or Class 5.1/8 UN 3485, 3486, or 3487.

Calcium hypochlorite is currently classifiable under the subheading 2828.10.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). The subheading covers commercial calcium hypochlorite and other calcium hypochlorite. When tableted or blended with other materials, calcium hypochlorite may be entered under other tariff classifications, such as 3808.94.5000 and 3808.99.9500, which cover disinfectants and similar products. While the HTSUS subheadings, the CAS registry number, the U.S. EPA PC number, and the IMDG codes are provided for convenience and customs purposes, the written description of the scope of the *Orders* is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to a continuation or a recurrence of dumping and countervailable subsidies, as well as material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*.

U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the *Orders* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, Commerce intends to initiate the next five-year reviews of the *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Notification to Interested Parties

These five-year sunset reviews and this notice are in accordance with section 751(c) of the Act and published in accordance with section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: June 24, 2020.
