SOCIAL SECURITY ADMINISTRATION

Privacy Act of 1974 as Amended; Computer Matching Program (SSA (Social Security Administration/Office of Personnel Management (OPM)) Match Numbers 1005, 1019, 1020, 1021

AGENCY: Social Security Administration (SSA).

ACTION: Notice of computer matching program.

SUMMARY: In accordance with the provisions of the Privacy Act, as amended, this notice announces a computer matching program that SSA plans to conduct with OPM.

DATES: SSA will file a report of the subject matching program with the Committee on Governmental Affairs of the Senate, the Committee on Government Reform and Oversight of the House of Representatives, and the Office of Information and Regulatory Affairs, Office of Management and

Budget (OMB). The matching program will be effective as indicated below.

ADDRESSES: Interested parties may comment on this notice by either telefax to (410) 966-2935 or writing to the Associate Commissioner, Office of Program Support, 2-Q-16 Operations Building, 6401 Security Boulevard, Baltimore, MD 21235-6401. All comments received will be available for public inspection at this address.

FOR FURTHER INFORMATION CONTACT: The Associate Commissioner for Program Support as shown above.

SUPPLEMENTARY INFORMATION:

A. General

The Computer Matching and Privacy Protection Act of 1988 (Public Law (Pub. L.) 100-503), amended the Privacy Act (5 U.S.C. 552a) by describing the manner in which computer matching involving Federal agencies could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals. The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records.

It requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

(2) Obtain the Data Integrity Boards' approval of the match agreements;

(3) Furnish detailed reports about matching programs to Congress and OMB;

(4) Notify applicants and beneficiaries that their records are subject to matching; and

(5) Verify match findings before reducing, suspending, terminating, or denying an individual's benefits or payments.

B. SSA Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of SSA's computer matching programs comply with the requirements of the Privacy Act, as amended.

Dated: August 28, 2000.

Susan M. Daniels,

Deputy Commissioner for Disability and Income Security Programs.

Notice of Computer Matching Program, Social Security Administration (SSA) With the Office of Personnel Management (OPM)

A. Participating Agencies

SSA and OPM.

B. Purpose of the Matching Program

This matching program will have four separate components. The purposes of each of these parts are as follows:

SSA Match 1005: OPM records will be used in a matching program where SSA will match OPM's data with SSA's records to verify the accuracy of information furnished by applicants and recipients concerning eligibility factors for the Supplemental Security Income (SSI) and Special Veterans' Benefits (SVB) programs. The SSI program provides payments to individuals who have income and resources below levels established by law and regulations, and the SVB program provides special benefits to certain World War II veterans.

SSA Match 1019: SSA will match OPM's records of civil service disability benefit and payment data with SSA's records of Social Security disability insurance beneficiaries to identify disability insurance beneficiaries whose benefits should be reduced under the Social Security Act because the disabled worker is receiving a civil service disability annuity benefit. SSA will match the OPM data to verify information provided (or identify such information that should have been provided) by the disabled worker at the time of initially applying for Social Security benefits and on a continuous basis to ensure any reduction in Social Security disability benefits is based on the current civil service disability benefit amount.

SSA Match 1020: OPM records will be used in a matching program where SSA will match OPM's civil service benefit and payment data with SSA's records for disabled and retired annuitants. These annuitants may be subject to the use of a modified benefit computation formula used by SSA under the Social Security Act for certain persons who receive both a civil service benefit and a Social Security retirement or disability benefit. SSA will use the OPM data to verify the pension or annuity information provided (or identify such information that should have been provided) directly to SSA by the retirees/annuitants.
