Records Governing Off-the-Record Communications; Public Notice

July 6, 2010.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not

be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. EnerNOC, Inc. v. FirstEnergy Corp.; Notice Requiring Protective Order and Establishing Answer Date

July 8, 2010.

On April 30, 2010, EnerNOC, Inc. (EnerNOC) filed a Complaint in this proceeding naming FirstEnergy Corp. (FirstEnergy) as the respondent (April 30 Complaint). On May 11, 2010, EnerNOC, Inc. and FirstEnergy (collectively, the Parties) filed an expedited joint motion to suspend the answer date (Joint Motion), noting that the Parties were working on a solution that would permit use, in this proceeding, of certain materials subject to protection in an on-going proceeding before the Public Utilities Commission of Ohio.

On May 14, 2010, the Commission issued a notice suspending the answer date in this docket, as requested by the Parties (May 14 Notice). In addition, the Commission informed the Parties that the submission, treatment and/or exchange of privileged information in this proceeding would be subject to the requirements of 18 CFR 385.206(e) and would therefore require the submission of a proposed protective agreement.

On July 1, 2010, EnerNOC submitted a supplemental complaint filing (July 1 Supplemental Complaint Filing), under seal, along with a redacted version. EnerNOC requests that its submission, under seal, be accorded confidential treatment, pursuant to 18 CFR 388.112 (2010). EnerNOC further states that a portion of its confidential submittal (Attachment 2) is a data response subject to an existing protective agreement.

EnerNOC's July 1 Supplemental Complaint Filing does not include a proposed form of protective agreement applicable to this proceeding. As indicated by the May 14 Notice, this is required by 385.2069 (e) of the Commission's regulations. Nor does EnerNOC address the means by which the parties to this proceeding will be entitled to review material submitted under seal, or the extent to which the existing protective agreement addresses this matter. Accordingly, EnerNOC is hereby directed to provide to FirstEnergy and to any other entity (at its request) that has filed a motion to intervene, herein, a proposed form of protective agreement that can be used to obtain an unredacted version of EnerNOC's July 1, 2010 submittal and any other submittal

filed under seal. The Commission will require EnerNOC to provide that protected agreement by July 15, 2010. The time period for filing answers, protests and/or comments on EnerNOC's April 30 Complaint and the July 1 Supplemental Complaint Filing will be extended to August 4, 2010.

On June 23, 2010, Southwestern Power Administration filed a response to the notice requesting that it be included in the development of the programmatic agreement. On July 2, 2010, the Commission staff received a telephone request from the Oklahoma State Historic Preservation Office (Oklahoma SHPO) that the Caddo Nation be included in the development of the programmatic agreement.
