The final weighted-average dumping margins are listed below in the section entitled “Final Determination.”

**DATES:** Applicable April 9, 2021.

#### FOR FURTHER INFORMATION CONTACT:

## SUPPLEMENTARY INFORMATION:

### Background

On November 19, 2020, Commerce published the *Preliminary Determination* in the **Federal Register** and invited interested parties to comment on our findings.<sup>1</sup> The petitioners in this investigation are Insteel Wire Products, Sumiden Wire Products Corporation, and Wire Mesh Corp. The mandatory respondents subject to this investigation are PT. Bumi Steel Indonesia (PT Bumi) and P.T. Kingdom Indah (Kingdom Indah). A summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum.<sup>2</sup>

The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>.

### Period of Investigation

The period of investigation (POI) is April 1, 2019, through March 31, 2020.

### Scope of the Investigation

The product covered by this investigation is PC strand from Indonesia. For a complete description of the scope of this investigation, see Appendix I.

### Analysis of Comments Received

All issues raised in the case briefs and rebuttal briefs submitted by interested parties in this proceeding are discussed in the Issues and Decision Memorandum. A list of the issues raised by parties and responded to by Commerce in the Issues and Decision

<sup>2</sup> See Memorandum, “Issues and Decision Memorandum for the Final Affirmative Determination in the Less-Than-Fair-Value Investigation of Prestressed Concrete Steel Wire Strand,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Memorandum is in Appendix II to this notice.

### Verification

Commerce was unable to conduct an on-site verification of the information relied upon in making its final determination in this investigation as provided for in section 782(i) of the Tariff Act of 1930, as amended (the Act). Accordingly, we took additional steps in lieu of an on-site verification and requested additional documentation and information.<sup>3</sup>

### Changes Since the Preliminary Determination

We calculated Kingdom Indah’s dumping margin using the cost of production, home-market, and U.S. sales databases that it submitted on November 6, 2020. We relied on the costs submitted by Kingdom Indah except that, consistent with our *Preliminary Determination*, we continued to reallocate Kingdom Indah’s reported direct material and conversion costs to mitigate cost differences not associated with the physical characteristics of products. For further information, see the Issues and Decision Memorandum.

### Use of Facts Available and Adverse Facts Available

We have continued to base PT Bumi’s dumping margin on total adverse facts available, pursuant to sections 776(a) and 776(b) of the Act. For further information, see the Issues and Decision Memorandum.

### All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for individually investigated exporters and producers, excluding any dumping margins that are zero, *de minimis*, or any dumping margins determined entirely under section 776 of the Act. Commerce assigned PT Bumi a dumping margin that is entirely based on section 776 of the Act. Therefore, the only dumping margin that is not zero, *de minimis* or based entirely on the facts otherwise available is the dumping margin that Commerce calculated for
