

litigation and have injunctions in place is 0.00 percent.¹⁵

Cash Deposit Requirements

Because the companies listed in the appendix have a superseding cash deposit rate, *i.e.*, there have been final results published in subsequent administrative reviews for the companies listed above, we will not issue revised cash deposit instructions to U.S. Customs and Border Protection (CBP). This notice will not affect the current cash deposit rates for those exporters/producers.

Liquidation of Suspended Entries

At this time, Commerce remains enjoined by CIT order from liquidating entries of subject merchandise that were exported by any of the companies listed above and that were entered into the United States, or withdrawn from warehouse, for consumption during the period May 26, 2011, through November 30, 2012. These entries will remain enjoined pursuant to the terms of the injunction during the pendency of any appeals process.

In the event the CIT's ruling is not appealed, or, if appealed, upheld by a final and conclusive court decision, Commerce intends to instruct CBP to assess antidumping duties on unliquidated entries of subject merchandise exported by the companies listed above in accordance with 19 CFR 351.212(b). We will instruct CBP to assess antidumping duties on all appropriate entries covered by the review when the importer-specific *ad valorem* assessment rate is not zero or *de minimis*. Where an importer-specific *ad valorem* assessment rate is zero or *de minimis*,¹⁶ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(c) and (e), 751(a)(1), and 777(i)(1) of the Act.

Steel Concrete Reinforcing Bar From the Republic of Turkey: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2019–2020; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) published a notice in the

Karly Wood Product Limited, and Kunshan Yingyi-Nature Wood Industry Co., Ltd. have no outstanding injunction for this period of review. Therefore, in accordance with our final remand redetermination and the Court's opinion, we are not providing these companies with the revised rate.

Federal Register on February 8, 2022, in which Commerce announced the final results of the 2019–2020 administrative review of the antidumping duty (AD) order on steel concrete reinforcing bar (rebar) from the Republic of Turkey (Turkey). This notice corrects the name of the respondent for which we tied the rates for non-selected companies to in that determination.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of February 8, 2022, in the FR Doc 2022-02638 on page 7119, in the second column, correct the last sentence in the section “Rates for Non-Selected Companies:” “Accordingly, Commerce is assigning Colakoglu’s rate of 1.02 percent to companies not selected for individual examination.” The corrected sentence should read: “Accordingly, Commerce is assigning Kaptan Demir’s rate of 1.02 percent to companies not selected for individual examination.”

Background

On August 6, 2021, Commerce published in the **Federal Register** the notice of the final results of the 2019–2020 administrative review.¹ We inadvertently misstated in the “Rates for Non-Selected Companies” section of the notice that “Commerce is assigning Colakoglu’s rate of 1.02 percent to companies not selected for individual examination.” The correct rate for non-selected companies is the rate calculated for Kaptan Demir Celik Energji Tersane ve Ulasim Sanayi A.S. (Kaptan Demir) of 1.02 percent. This notice serves as a notification of this correction to the **Federal Register** notice published on February 8, 2022.

Stainless Steel Wire Rod From Japan, the Republic of Korea, and Taiwan: Continuation of the Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders on stainless steel wire rod (SSWR) from Japan, the Republic of Korea (Korea), and Taiwan would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD orders.

DATES: Applicable February 24, 2022.

FOR FURTHER INFORMATION CONTACT: Christopher Williams or Minoo Hatten, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5166 or (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 15, 1998, Commerce published in the **Federal Register** the AD orders on SSWR from Japan, Korea, and Taiwan.¹ On July 1, 2021, Commerce initiated,² and the ITC instituted,³ sunset reviews of the

Orders, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).

As a result of its reviews, Commerce determined, pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of dumping. Commerce, therefore, notified the ITC of the magnitude of the margins of dumping rates likely to prevail should these *Orders* be revoked.⁴

On February 16, 2022, the ITC published its determination that revocation of the *Orders* would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, pursuant to sections 751(c) and 752(a) of the Act.⁵

Scope of the Orders

The merchandise covered by the *Orders* is SSWR, which comprises products that are hot-rolled or hot-rolled annealed and/or pickled and/or descaled rounds, squares, octagons, hexagons or other shapes, in coils, that may also be coated with a lubricant containing copper, lime or oxalate. SSWR is made of alloy steels containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. These products are manufactured only by hot-rolling or hot rolling annealing, and/or pickling and/or descaling, are normally sold in coiled form, and are of solid cross-section. The majority of SSWR sold in the United States is round in cross-sectional shape, annealed and pickled, and later cold finished into stainless steel wire or small-diameter bar. The most common size for such products is 5.5 millimeters or 0.217 inches in diameter, which represents the smallest size that normally is produced on a rolling mill and is the size that most wire-drawing machines are set up to draw. The range of SSWR sizes normally sold in the United States is between 0.20 inches and 1.312 inches in diameter.

Two stainless steel grades are excluded from the scope of the *Orders*. SF20T and K-M35FL are excluded. The chemical makeup for the excluded grades is as follows:

SF20T

Carbon 0.05 max
Manganese 2.00 max
Phosphorous 0.05 max
Sulfur 0.15 max
Silicon 1.00 max
Chromium 19.00/21.00
Molybdenum 1.50/2.50
Lead-added (0.10/0.30)
Tellurium-added (0.03 min)

K-M35FL

Carbon 0.015 max
Silicon 0.70/1.00
Manganese 0.40 max
Nickel 0.30 max
Chromium 12.50/14.00
Lead 0.10/0.30
Phosphorous 0.04 max
Sulfur 0.03 max
Aluminum 0.20/0.35

The products subject to the *Orders* are currently classifiable under subheadings 7221.00.0005, 7221.00.0015, 7221.00.0030, 7221.00.0045, and 7221.00.0075 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Orders* is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year (sunset) reviews of the *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Administrative Protective Order (APO)

This notice also serves as the only reminder to parties subject to APO of their responsibility concerning the return, destruction, or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.
