The Community Rating System (CRS), codified in the National Flood Insurance Reform Act (NFIRA) of 1994 (Pub. L. 103-325, Sec. 541.) was designed by the Federal Emergency Management Agency (FEMA) to encourage communities to undertake activities that will mitigate flooding and flood damage beyond the minimum standards for NFIP participation. The CRS Program "CRS Coordinator's Manual" is the key primary explanatory document used by CRS communities. It provides detailed explanations of the program and its activities respondents (communities) will select activities to apply for and receive credit and community certifications so that proper credit is applied for each. Communities that receive these credits become eligible for flood insurance premium discounts.
