

the post-entry section 1520(d) claim through the Reconciliation process, the only means of perfecting the US-CFTA claim is by completing the Reconciliation process by filing a timely Reconciliation entry. (See the September 27, 2002, **Federal Register** notice for an explanation of this same limitation relative to NAFTA issues.) In this way, the flagging of an entry summary constitutes a commitment by the importer to perfect the US-CFTA 1520(d) claim through the Reconciliation process. Thus, once a Reconciliation program participant flags an entry summary to make a US-CFTA 1520(d) claim under the Reconciliation process, CBP will not accept a claim filed under the ordinary section 1520(d) procedure.

CBP notes that a NAFTA 1520(d) claim and a US-CFTA 1520(d) claim cannot be made together on the same Reconciliation entry. They must be filed as separate Reconciliation entries.

CBP recommends the use of the Reconciliation test for making post-entry US-CFTA claims because the test procedure provides the importer with several benefits. First, using the test procedure is a simpler means of filing claims: *i.e.*, the importer is able to make potentially thousands of US-CFTA claims on one Reconciliation entry. Second, the importer can receive one check from CBP rather than many (even up to thousands) upon CBP's liquidation of a Reconciliation entry and issuance of a refund. Third, because processing US-CFTA claims under Reconciliation is simpler for CBP, the refund delivery system is more efficient.

The test modification discussed above will be effective 30 days from the date this notice is published in the **Federal Register**. (The Reconciliation test procedure for making post-NAFTA claims is explained in the February 6, 1998, and the December 29, 1999, **Federal Register** notices.)

Other Changes

This notice also announces other changes to the Reconciliation test program procedure relative to submission of the Reconciliation spreadsheets. Because floppy disks are destroyed by X-ray and irradiation applications now used to screen government mail, participants must use CDs for submitting Reconciliation spreadsheets. CBP will upload the spreadsheet information on the CD to a secure Web site where it will be identified according to the Reconciliation entry number. Therefore, participants must save the spreadsheet on the CD according to the Reconciliation entry number in .txt or

.xls format. Use of these formats is required to better protect the information from computer viruses. Finally, the CDs must be labeled as previously required (see the ACS *Reconciliation Prototype: A Guide to Compliance* at http://www.cbp.gov/xp/cgov/import/cargo_summary/reconciliation).

These modifications to the test are effective 30 days from the date this notice is published in the **Federal Register**.

Change of Addresses

Finally, this notice announces the new mailing address for Reconciliation submissions for importers assigned to the port of NY/Newark (port 1001) and the new e-mail address for Recon.Help. The new mailing address is: U.S. Customs and Border Protection, 1100 Raymond Blvd., Newark, NJ 07201. Participants may still transmit the ABI portion of their Reconciliations to port 1001. The new e-mail address is *Recon.Help@dhs.gov*.

National Park Service, Northeast Region

Notice of Intent To Prepare an Environmental Impact Statement and Hold Public Meetings

AGENCY: National Park Service, Interior.

ACTION: Notice of intent.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (Pub. L. 91-190, Section 102(2)(c)), the National Park Service is preparing

an Environmental Impact Statement (EIS) for the special resource study of the Coltsville historic industrial district in Hartford, CT, as authorized by Pub. L. 108-94.

Coltsville is a 260-acre industrial area where inventor Samuel Colt and his company manufactured firearms from 1855 until the 1990s. It was recognized as the Colt Industrial National Register District in 1976. Within this historic district is inventor Samuel Colt's house Armsmear, which was designated as a National Historic Landmark in 1966. The purpose of the EIS/study is to determine if Coltsville has the national significance, suitability, and feasibility for designation as a unit of the national park system. If the study also finds that federal management of the site is appropriate, Congress could designate Coltsville a unit of the national park system. The study will identify alternative management options to preserve and interpret the historic site. The alternatives will describe the site boundaries; current land ownership and land use; potential impacts on cultural and natural resources; possible management entities; participation of State and local governments and private and public organizations; estimated project costs; anticipated levels of visitation; and economic and social benefits.

The Draft EIS/study is expected to be completed and available for public review in the winter of 2006. After public and interagency review of the draft document, comments will be considered and a final EIS/study report, followed by a Record of Decision, will be prepared.

DATES: The NPS will hold a public scoping meeting in October 2004 that will provide opportunities to ask questions, make suggestions, and raise issues concerning the Coltsville special resource study. Information on the time and place of the public scoping meeting will be publicized through the local news media in Hartford, CT.

ADDRESSES: Those persons who wish to comment orally or in writing, or who require further information are invited to contact James O'Connell, Project Manager, at the National Park Service, Northeast Region Boston Office, 15 State Street, Boston, MA 02109-3572, (617) 223-5222; fax -5164; or via e-mail at Jim_O'Connell@nps.gov.

Dated: July 23, 2004.
