

*Place:* Holiday Inn Select Bethesda, 8120 Wisconsin Ave., Bethesda, MD 20814.

*Contact Person:* Robert Lees, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 4182, MSC 7806, Bethesda, MD 20892, (301) 435-2684, [leesro@csr.nih.gov](mailto:leesro@csr.nih.gov).

*Name of Committee:* Center for Scientific Review Special Emphasis Panel, Cell Development and Function R15 Applications.

*Date:* June 18, 2003.

*Time:* 1 p.m. to 4 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* Governor's House Hotel, 1615 Rhode Island Avenue, NW., Washington, DC 20036.

*Contact Person:* Alexandra M. Ainsztein, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 5144, MSC 7840, Bethesda, MD 20892, (301) 451-3848, [ainsztea@csr.nih.gov](mailto:ainsztea@csr.nih.gov).

*Name of Committee:* Center for Scientific Review Special Emphasis Panel, Cell Death and Injury In Neurodegeneration Study Section.

*Date:* June 18–20, 2003.

*Time:* 6 p.m. to 5 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* The Jefferson Hotel, 1200 16th Street, NW., Washington, DC 20036.

*Contact Person:* David L. Simpson, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 5192, MSC 7846, Bethesda, MD 20892, (301) 435-1278, [simpsod@mail.nih.gov](mailto:simpsod@mail.nih.gov).

*Name of Committee:* Genetic Sciences Integrated Review Group, Genome Study Section.

*Date:* June 18–20, 2003.

*Time:* 7:30 p.m. to 3 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

*Contact Person:* Sally Ann Amero, PhD, Scientific Review Administrator, Center for Scientific Review, Genetic Sciences Integrated Review Group, National Institutes of Health, 6701 Rockledge Drive, Room 2206, MSC 7890, Bethesda, MD 20892-7890, (301) 435-1159, [ameros@csr.nih.gov](mailto:ameros@csr.nih.gov).

### Substance Abuse and Mental Health Services Administration

#### Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

*Proposed Project:* Survey of SAMHSA Grantees Involved with Coordination of HIV, Substance Abuse, Mental Health and Hepatitis Programs—New—SAMHSA's Office of the Administrator/Office of Policy Planning and Budget plans to request assistance in the development of criteria to evaluate best practices to coordinate HIV, substance abuse, mental health, and hepatitis programs through a survey of SAMHSA grantees involved with coordination of HIV, substance abuse, mental health, and hepatitis programs. These are grantees funded by the Centers for Substance Abuse Treatment and the Centers for Substance Abuse Prevention under programs which fund the coordination of services across one or more of the following areas: Substance abuse prevention or treatment, mental health, HIV, and hepatitis.

To date, there is a lack of consensus among federal agencies, state agencies, and local providers regarding what integration of services means, what it entails, and what constitutes a "best practice." By 2004, SAMHSA will develop grant programs to evaluate the coordination of programs and services across substance abuse, mental health, HIV, and hepatitis. The inclusion of grantee opinions regarding criteria for the evaluation of coordination, current practices to evaluate coordination, and barriers which impede grantee evaluation of service coordination will be of tremendous value to SAMHSA as the agency develops the requirements for funding and future technical assistance programs. SAMHSA grantees are currently implementing programs to coordinate services and can provide invaluable advice to SAMHSA so that the evaluation of coordination is relevant for the improvement of future programs and services.

To gather grantee feedback, SAMHSA will conduct a one-time survey of grantees. Information will be gathered using a 16 question instrument developed to gather both quantitative and qualitative information. The survey will be distributed by email containing the web link to a website that will assure grantee confidentiality and reduce respondent or administrative burden related to responding to the survey. Grantees will be able to return the survey via email, fax, or mail. Grantees will be assured in writing that their survey responses will not be linked to their grantee organization. The following table summarizes the response burden for this survey.
