Adequacy Status of the Chicago, Illinois Area Submitted 8-Hour Ozone Redesignation and Maintenance Plans for Transportation Conformity Purposes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy.

SUMMARY: In this notice, EPA is notifying the public that we have found that the motor vehicle emissions budgets (MVEBs) for volatile organic compounds (VOCs) and oxides of nitrogen (NO_x) in the Chicago, Illinois ozone nonattainment area are adequate for use in transportation conformity determinations. Illinois submitted a redesignation request and maintenance plan for the Illinois portion of the Chicago ozone nonattainment area on July 23, 2009. As a result of our finding, this area must use the MVEBs from the submitted ozone maintenance plan for future transportation conformity determinations.

DATES: This finding is effective May 26, 2010.
