

Statement must be received by December 21, 2002.

**ADDRESSES:** You may mail or hand carry written comments to Jonathan Martin, Regional Forester, Bureau of Indian Affairs, Navajo Regional Office, PO Box 1060, Gallup, New Mexico 87305.

Copies of the FPEIS have been sent to all agencies and individuals who participated in the scoping process or public hearings, and to those who commented on the Draft FPEIS. To get a copy of the FPEIS, please write to the Navajo Nation Forestry Department, PO Box 230, Fort Defiance, Arizona 86504, or call (928) 729-4007. The FPEIS is available for review at two locations: (1) The Branch of Environmental Services, Navajo Regional Office, Federal Building, 301 West Hill, Gallup, New Mexico; and (2) the Branch of Forestry, Bureau of Indian Affairs, 1 mile north on Route 12, Fort Defiance, Arizona.

**FOR FURTHER INFORMATION CONTACT:** Jonathan Martin, (928) 729-7228.

**SUPPLEMENTARY INFORMATION:** The proposed action is to adopt a ten-year forest management plan for the Navajo Forest. The Navajo Forest lies in the Chuska Mountains and Defiance Plateau areas of the Navajo Nation, along the Arizona-New Mexico border. The area encompasses nearly 600,000 acres.

The FPEIS presents a preferred alternative, the no action alternative and three other alternatives. The preferred alternative uses even-aged and uneven-aged management for timber harvesting, with consideration for Special Management Areas (SMAs) that would be excluded from commercial timberland to protect critical wildlife habitat and vital watershed areas. The other alternatives are (1) No action, which would continue current levels of timber harvesting with even-aged management and without consideration for SMAs; (2) even-aged management for timber harvesting, with consideration for SMAs; (3) uneven-aged management for timber harvesting, without consideration for SMAs; and (4) no timber harvesting or SMAs. All of the alternatives include timber protection plus monitoring and/or mitigation measures.

Areas of environmental concern addressed in the FPEIS include timber resources, other forest resources, water resources, biological resources, air quality, cultural resources and socio-economics.
