

brakes provided the combination of vehicles meets the requirements of § 393.52.

* * * * *

■ 3. Amend § 393.71 by revising paragraphs (a)(3) and (c)(4) to read as follows:

§ 393.71 Coupling devices and towing methods, driveway-towaway operations.

(a) * * *

(3) When motor vehicles are towed by means of triple saddle-mounts, all but the final towed vehicle must have brakes acting on all wheels in contact with the roadway.

* * * * *

(c) * * *

(4) If a motor vehicle towed by means of a saddle-mount has any vehicle full-mounted on it, the saddle-mounted vehicle must at all times while so loaded have effective brakes acting on all wheels in contact with the roadway.

* * * * *

Issued on: September 8, 2011.

Anne S. Ferro,
Administrator.

RIN 0648-XA529

Atlantic Surfclam and Ocean Quahog Fisheries; 2012 Fishing Quotas for Atlantic Surfclams and Ocean Quahogs; and Suspension of Minimum Atlantic Surfclam Size Limit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule.

SUMMARY: NMFS suspends the minimum size limit for Atlantic surfclams for the 2012 fishing year. NMFS also announces that the quotas for the Atlantic surfclam and ocean quahog fisheries for 2012 will remain status quo. Regulations governing these fisheries require NMFS to notify the public in the **Federal Register** of the allowable harvest levels for Atlantic surfclams and ocean quahogs from the Exclusive Economic Zone if the previous year's quota specifications remain unchanged.

DATES: Effective January 1, 2012, through December 31, 2012.

ADDRESSES: Written inquiries may be sent to: Regional Administrator, National Marine Fisheries Service, Northeast Regional Office, 55 Great Republic Drive, Gloucester, MA 01930-2298.

FOR FURTHER INFORMATION CONTACT:

Jason Berthiaume, Fishery Management Specialist, (978) 281-9177; fax (978) 281-9135.

SUPPLEMENTARY INFORMATION: Section 648.72(c) of the regulations implementing the fishery management plan (FMP) for the Atlantic surfclam and ocean quahog fisheries authorizes the Administrator, Northeast Region, NMFS (Regional Administrator), to suspend annually, by publication of a notification in the **Federal Register**, the minimum size limit for Atlantic surfclams. This action may be taken unless discard, catch, and biological sampling data indicate that 30 percent or more of the Atlantic surfclam resource is smaller than 4.75 inches (120 mm) and the overall reduced size is not attributable to harvest from beds where growth of the individual clams has been reduced because of density-dependent factors.

At its June 2011 meeting, the Mid-Atlantic Fishery Management Council (Council) voted to recommend that the Regional Administrator suspend the minimum size limit for Atlantic surfclams for the 2012 fishing year. Commercial surfclam data for 2011 were analyzed to determine the percentage of surfclams that were smaller than the minimum size requirement. The analysis indicated that 4.3 percent of the overall commercial landings were composed of surfclams that were less than 4.75 inches (120 mm). Based on these data, the Regional Administrator concurs with the Council's recommendation and suspends the minimum size limit for Atlantic surfclams from January 1 through December 31, 2012.

The FMP for the Atlantic surfclam and ocean quahog fisheries requires that NMFS issue notification in the **Federal Register** of the upcoming year's quota, even in cases where the quota remains unchanged from the previous year. At its June 2011 meeting, the Council also voted that no action be taken to change the quota specifications for Atlantic surfclams and ocean quahogs for the 2012 fishing year (January 1 through December 31, 2013), and recommended maintaining the 2011 quota levels of 3.4 million bu (181 million L) for Atlantic surfclams, 5.333 million bu (284 million L) for ocean quahogs, and 100,000

Maine bu (3.524 million L) for Maine ocean quahogs, as announced in the **Federal Register** on December 27, 2010 (75 FR 81142).

Classification

This action is authorized by 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 7, 2011.

James P. Burgess,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

RIN 0648-BA27

Fisheries of the Northeastern United States; Northeast (NE) Multispecies Fishery; Framework Adjustment (FW) 45; Adjustments for Fishing Year (FY) 2011

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Interim final rule; request for comments.

SUMMARY: NMFS adjusts the differential days-at-sea (DAS) rate for common pool vessels for FY 2011 due to overages of FY 2010 catch levels. This measure will help prevent FY 2011 catch levels from being exceeded. NMFS also announces the amount of unused FY 2010 annual catch entitlement (ACE) carryover available to each sector in FY 2011, and adjusts the final number of vessels fishing in a sector in FY 2011.

DATES: Effective September 8, 2011 through April 30, 2012. Written comments must be received on or before September 28, 2011.

ADDRESSES: You may submit comments, identified by NOAA-NMFS-2010-0198, by any one of the following methods:

- **Electronic Submissions:** Submit all electronic public comments via the Federal eRulemaking Portal: <http://www.regulations.gov>. To submit comments via the e-Rulemaking Portal, first click the "submit a comment" icon, then enter NOAA-NMFS-2010-0198 in the keyword search. Locate the document you wish to comment on
