

13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2-1, paragraph (34)(h), of the Instruction. This rule involves implementation of regulations within 33 CFR part 100 applicable to organized marine events on the navigable waters of the United States that could negatively impact the safety of waterway users and shore side activities in the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming events, crew racing, canoe and sail board racing. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under

ADDRESSES.

Special Local Regulations and Safety Zones; Recurring Events in Northern New England

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is updating special local regulations and permanent

safety zones in the Coast Guard Captain of the Port (COTP) Northern New England Zone for annual recurring marine events. When these special local regulations or safety zones are activated, and subject to enforcement, this rule will restrict vessels from portions of water areas during these annual recurring events. The revised special local regulations and safety zones will expedite public notification of events, and ensure the protection of the maritime public and event participants from the hazards associated with these annual recurring events.

DATES: This rule is effective May 21, 2012.

This rule will be enforced during dates and times specified in the Tables to §§ 100.120 and 165.171.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On Tuesday, December 27, 2011, the Coast Guard published a notice of proposed rulemaking (NPRM) entitled "Special Local Regulations and Safety Zones; Recurring Events in Northern New England" in the *Federal Register* (Vol. 76 No. 248). We received no comments or requests for a public meeting on the proposed rule.

Basis and Purpose

The legal basis for this rule is the Port and Waterways Safety Act, 33 U.S.C. 1226 and 1231, 33 U.S.C. 1233; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, and 160.5; Public Law 107-295, 116 Stat.

2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to define regulatory safety zones and special local regulations.

Swim events, fireworks displays, and marine events are held on an annual recurring basis on the navigable waters within the Coast Guard COTP Northern New England Zone. In the past, the Coast Guard has established special local regulations, regulated areas and safety zones for these annual recurring events on a case by case basis to ensure the protection of the maritime public and event participants from the hazards associated with these events. The Coast Guard has not received public comments or concerns regarding the impact to waterway traffic from these annually recurring events.

This rule consistently apprises the public in a timely manner through permanent publication in Title 33 of the Code of Federal Regulations. The Tables in this regulation list each annual recurring event requiring a regulated area as administered by the Coast Guard.

By establishing a permanent regulation containing these events, the Coast Guard eliminates the need to establish temporary rules for events that occur on an annual basis thereby, limiting the costs associated with cumulative regulations.

This rulemaking will remove, add, and consolidate regulations that better meet the Coast Guard's intended purpose of ensuring safety during these events.

Background

The Coast Guard is amending 33 CFR 100.120 (Special Local Regulations) and 33 CFR 165.171 (Safety Zones).

The rule applies to the annual recurring events listed in the attached Tables in the Coast Guard COTP Northern New England Zone. The Tables provide the event name, sponsor, and type, as well as approximate dates and locations of the events. The specific times, dates, regulated areas, and enforcement period for each event will be provided through the Local Notice to Mariners, Broadcast Notice to Mariners or through a Notice of Enforcement published in the **Federal Register**.

The particular size of the safety zones established for each event will be reevaluated on an annual basis in accordance with Navigational and Vessel Inspection Circular (NVIC) 07-02, Marine Safety at Firework Displays, the National Fire Protection Association Standard 1123, Code for Fireworks Displays (100-foot distance per inch of diameter of the fireworks mortars), and

other pertinent regulations and publications.

This regulation prevents vessels from transiting areas specifically designated as special local regulations or safety zones during the periods of enforcement to ensure the protection of the maritime public and event participants from the hazards associated with the listed annual recurring events. Only event sponsors, designated participants, and official patrol vessels are allowed to enter regulated areas. Spectators and other vessels not registered as event participants may not enter the regulated areas without the permission of the COTP or the designated representative.

Discussion of Comments

The Coast Guard did not receive any comments in response to the NPRM published in the **Federal Register** (Vol. 76, No. 248) on Tuesday, December 27, 2011. The Coast Guard made changes to the regulatory text in the final rule with regards to the date section for each event. This change was made so as not to give the impression that the Coast Guard is requiring mariners to check a Local Notice of Mariners for the date of each event. The Coast Guard will now publish a Notice of Enforcement of the event date in the **Federal Register** to inform the public of the exact date.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this rule to be minimal. Although this regulation may have some impact on the public, the potential impact will be minimized for the following reasons: The Coast Guard has previously promulgated safety zones or special local regulations in accordance with 33 CFR Parts 100 and 165 for approximately 85% of the event areas contained within this regulation and has not received notice of any negative

impact caused by any of the safety zones or special local regulations. By establishing a permanent regulation containing all of these events, the Coast Guard will eliminate the need to establish individual temporary rules for each separate event that occurs on an annual basis, thereby limiting the cost of cumulative regulations.

Vessels will only be restricted from safety zones and special local regulation areas for a short duration of time. Vessels may transit in portions of the affected waterway except for those areas covered by the regulated areas. Notifications will also be made to the local maritime community through the Local Notice to Mariners and Broadcast Notice to Mariners well in advance of the events. If the event does not have a date listed, then the exact dates and times of the enforcement period will be announced through a Notice of Enforcement in the **Federal Register**. No new or additional restrictions will be imposed on vessel traffic.

Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which might be small entities: Owners or operators of vessels intending to transit, fish, or anchor in the areas where the listed annual recurring events are being held.

The rule will not have a significant economic impact on a substantial number of small entities for the following reasons: Vessels will only be restricted from safety zones and special local regulation areas for a short duration of time; vessels may transit in portions of the affected waterway except for those areas covered by the regulated areas; the Coast Guard has promulgated safety zones or special local regulations in accordance with 33 CFR Parts 100 and 165 for approximately 85% of the event areas in the past and has not received notice of any negative impact caused by any of the safety zones or special local regulations; and notifications will be made to the local maritime community through the Local Notice to Mariners and Broadcast Notice

to Mariners well in advance of the events. If the event does not have a date listed, then exact dates and times of the enforcement period will be announced through a Notice of Enforcement in the **Federal Register**. No new or additional restrictions will be imposed on vessel traffic.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule affects your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security

Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraphs (34)(g) and (34)(h) of the Instruction since it involves establishment of safety zones for marine related fireworks events and special local regulations for regattas, respectively. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under **ADDRESSES**.

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701, 3306, 3703; 33 CFR 1.05–1, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 4. Revise § 165.171 to read as follows:

§ 165.171 Safety Zones for fireworks displays and swim events held in Coast Guard Sector Northern New England Captain of the Port Zone.

The Coast Guard is establishing safety zones for the fireworks displays listed in the Table to § 165.171. These regulations will be enforced for the duration of each event, on or about the dates indicated in the Table to § 165.171. Mariners should consult their Local Notice to Mariners to remain

apprised of the specific calendar date upon which the listed event falls for each calendar year and other specific information concerning the event. First Coast Guard District Local Notice to Mariners can be found at: <http://www.navcen.uscg.gov/>. The Sector Northern New England Marine Events schedule can also be viewed electronically at www.homeport.uscg.mil.

Note to introductory text of § 165.171: Although listed in the Code of Federal Regulations, sponsors of events listed in the Table to § 165.171 shall submit an application each year in accordance with 33 CFR 100.15.

(a) The Coast Guard may patrol each event area under the direction of a designated Coast Guard Patrol Commander. The Patrol Commander may be contacted on Channel 16 VHF-FM (156.8 MHz) by the call sign "PATCOM." The "official patrol vessels" may consist of any Coast Guard, Coast Guard Auxiliary, state, or local law enforcement vessels assigned or approved by the Captain of the Port, Sector Northern New England.

(b) Vessels may not transit the regulated areas without Patrol Commander approval. Vessels permitted

to transit must operate at a no wake speed, in a manner which will not endanger participants or other crafts in the event.

(c) Spectators or other vessels shall not anchor, block, loiter, or impede the movement of event participants or official patrol vessels in the regulated areas during the effective dates and times, or dates and times as modified through the Local Notice to Mariners, unless authorized by an official patrol vessel.

(d) The Patrol Commander may control the movement of all vessels in the regulated area. When hailed or signaled by an official patrol vessel, a vessel shall come to an immediate stop and comply with the lawful directions issued. Failure to comply with a lawful direction may result in expulsion from

the area, citation for failure to comply, or both.

(e) The Patrol Commander may delay or terminate any event in this subpart at any time to assure safety. Such action may be justified as a result of weather, traffic density, spectator operation or participant behavior.

(f) For all swim events listed, vessels not associated with the event shall maintain a separation zone of 200 feet from participating swimmers.

(g) For all fireworks displays listed below, the regulated area is that area of navigable waters within a 350 yard radius of the launch platform or launch site for each fireworks display.

<p>Dated: March 30, 2012.</p> <p>C.L. Roberge, <i>Captain, U.S. Coast Guard, Captain of the Port Sector Northern New England.</i></p> <p>[FR Doc. 2012–9519 Filed 4–19–12; 8:45 am]</p> <p>BILLING CODE 9110–04–P</p>	<p>implement section 1725 in 38 CFR 17.1000 through 17.1008 under the undesignated heading “Payment or Reimbursement for Emergency Services for Nonservice-Connected Conditions in Non-VA Facilities.” This final rule revises §§ 17.1001, 17.1002, 17.1004, and 17.1005. These revisions eliminate certain exclusions from emergency care payment or reimbursement, and define the payment limitations for those qualifying for payment or reimbursement under the law as amended by the 2010 Act.</p> <p>The 2010 Act amended 38 U.S.C. 1725(f)(2) by removing a provision that included automobile insurance in the definition of “health-plan contract.” Under 38 U.S.C. 1725(b)(3)(B), veterans who are covered by a health-plan contract are ineligible for VA payment or reimbursement. Thus, we are removing current 38 CFR 17.1001(a)(5), which includes automobile insurance in the definition of “health-plan contract.” This amendment will implement VA’s authority to pay or reimburse claimants for providing emergency services to a veteran if the veteran received, or is legally eligible to receive, partial payment towards emergency services from an automobile insurer.</p> <p>The 2010 Act also amended 38 U.S.C. 1725 by revising a provision that precluded certain claimants from payment or reimbursement by VA for emergency care at non-VA facilities. Parties who qualified as claimants under section 1725 prior to the 2010 Act (as implemented by VA in current 38 CFR 17.1004(a)) included veterans, the provider of the emergency treatment, or the person or organization that paid for such treatment on behalf of the veteran. Under the 2010 Act, claimants who are entitled to partial payment from a third party for providing non-VA emergency services to a veteran are no longer barred from also receiving VA payment or reimbursement for such care. Prior to the 2010 Act, section 1725(b)(3)(C) required that VA deny any claim in which a veteran has “other contractual or legal recourse against a third party that would, in whole or in part, extinguish such liability to the provider.” The 2010 Act removed “or in part” from this exclusion. In order to remove this partial payment exclusion from VA regulations, we are removing the clause “or in part” from § 17.1002(g)</p>
<p>to parallel the language in current 38 U.S.C. 1725.</p> <p>In addition, the 2010 Act authorized, but did not require, VA to provide repayment under section 1725 “for emergency treatment furnished to a veteran before the date of the enactment of the [2010] Act, if the Secretary determines that, under the circumstances applicable with respect to the veteran, it is appropriate to do so.” We interpret this provision to allow VA, through regulation, to provide retroactive reimbursement, and we are implementing this authority in new § 17.1004(f).</p> <p>In a document published in the Federal Register on May 26, 2011 (76 FR 30598), VA proposed to amend the regulations that govern the payment or reimbursement for emergency services for nonservice-connected conditions in non-VA facilities. We provided a 60 day comment period, which ended on July 25, 2011. We received three comments from the general public.</p> <p>In the proposed rule, we stated that § 17.1005 would be amended by adding new paragraphs (c) and (d). However, on December 21, 2011 (76 FR 79071), VA published an entirely separate final rule that added new paragraphs (c) and (d) to § 17.1005. Accordingly, in this final rule we are renumbering proposed § 17.1005(c) as new § 17.1005(e), and we are also renumbering proposed § 17.1005(d) as new § 17.1005(f). None of the comments received on the proposed rulemaking for this final rule addressed these paragraphs, so the discussion below is not affected by this change.</p> <p>One commenter applauded VA for “taking steps to change the reimbursement policies.” The commenter further believes that “it is only fair that the VA reimburse” veterans for the emergency care they receive in non-VA hospitals, especially when the non-VA hospitals are “better equipped to handle the injury.” We appreciate the supportive comment on this rulemaking, and thank the commenter.</p> <p>A second commenter commended VA for the proposed regulation stating that the regulation is “in the best interest of the local health care provider, the veteran, and possibly the veteran’s administration.” We thank the commenter for taking the time to</p>
