

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****Suspension of Preparation of Environmental Impact Statement for the George Bush Intercontinental Airport, Houston, TX**

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice suspending preparation of the Environmental Impact Statement (EIS) for the George Bush Intercontinental Airport (IAH).

SUMMARY: The FAA is issuing this notice to advise federal, state, and local government agencies and the public that the FAA has suspended preparation of the EIS for the proposed airport improvements at IAH. The Houston Airport System (HAS), the sponsor of the proposed project, has advised the FAA that significant changes in the aviation industry and at IAH warrant suspension of the on-going EIS in order to reevaluate development needs for the airport. HAS has determined that reevaluation of the Airport Master Plan (AMP) assumptions will provide the most current and reliable information on which to base decisions regarding future proposals for airport development.

FOR FURTHER INFORMATION CONTACT: DOT/FAA, Southwest Region, Mr. Paul Blackford, ASW-650, 2601 Meacham Boulevard, Fort Worth, TX 76137, (817) 222-5607, or e-mail at paul.blackford@faa.gov.

SUPPLEMENTARY INFORMATION: On April 9, 2009, the FAA issued a Notice of Intent in the **Federal Register** (74 FR 16255-16256) to prepare an EIS for proposed airfield improvements at IAH. The purpose of these proposed improvements is to increase airfield capacity and to reduce projected delays. Based on the results of the AMP, the airfield improvements being analyzed in the EIS included the proposed construction of additional runway(s) at IAH. Preparation of the EIS was undertaken by the FAA in accordance with the National Environmental Policy Act of 1969, as amended.

The FAA received a letter from HAS dated July 30, 2010 requesting that preparation of the EIS be delayed. Based on its letter, HAS believes that additional planning work is necessary to ensure that the assumptions used in the AMP remain valid. The letter points to the impacts of the potential United-Continental merger, the economic downturn, potential changes to aircraft fleet mix, and the need to update the

existing terminal concept as reasons justifying their request to conduct additional planning. The FAA will issue another **Federal Register** notice when it determines that preparation of the EIS should resume.

Issued in Fort Worth, TX on September 3, 2010.

D. Cameron Bryan,

Acting Manager, Airports Division.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION**Surface Transportation Board**

[Docket No. FD 35412]

Middletown & New Jersey Railroad, LLC—Lease and Operation Exemption—Norfolk Southern Railway Company

Under 49 CFR 1011.7(b)(10), the Director of the Office of Proceedings (Director) is delegated the authority to determine whether to issue notices of exemption for lease transactions under 49 U.S.C. 10902. However, the Board reserves to itself the consideration and disposition of all matters involving issues of general transportation importance. 49 CFR 1011.2(a)(6). Accordingly, the Board revokes the delegation to the Director with respect to the issuance of this notice of exemption. The Board determines that this notice of lease and operation exemption should be issued, and does so here.

Middletown & New Jersey Railroad, LLC (M&NJ), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to lease certain rail lines from Norfolk Southern Railway Company (NSR). In conjunction with the lease of the NSR rail lines, M&NJ states that it will also sublease connecting track owned by New York, Susquehanna & Western Railway (NYS&W) and receive incidental trackage rights. Pursuant to the Lease Agreement and other agreements, M&NJ will lease the following rail lines from NSR: (1) The Hudson Secondary located between mileposts LX 2.1 and LX 20.6 (18.5 miles in length); (2) the Walden Secondary located between mileposts DJ5.0-DJ 10.5 and WI 29.1-WI 32.9 (9.3 miles in length); (3) the Maybrook Industrial Track located between mileposts RT 1.3 and RT 7.5 (6.2 miles in length); (4) the Greycourt Industrial Track located between mileposts IL 52.5 and IL 53.4 (1.0 mile in length); and (5) the EL Connection Track located between mileposts QK 0.0 and QK 0.8

(0.8 mile in length). In conjunction with the lease of these lines, NSR is: (1) Granting M&NJ incidental overhead trackage rights over NSR's rail line located between mileposts JS 67.50 and 63.14 (4.36 miles in length); (2) subleasing to M&NJ NSR's lease operations over the connecting track owned by the NYS&W located between milepost JS 63.14, at Hudson Jct., NY, and milepost LX 2.1, at Hudson Jct. (approximately .35-miles in length); and (3) partially assigning to M&NJ all of NSR's rights under the NYS&W Trackage Rights Agreement for NYS&W's continued trackage rights operations over the Hudson Secondary track between Hudson Jct. and Warwick, NY. The Lease Agreement will expire on December 31, 2020. As required at 49 CFR 1150.43(h), M&NJ has disclosed that the Lease Agreement contains a provision that would provide for a "Lease Credit" whereby M&NJ may reduce its annual lease payments by receiving a credit for each car interchanged with NSR. M&NJ notes that NSR initially proposed a fixed rental payment with no option to reduce the rent, but M&NJ insisted on a lease credit option to provide an opportunity for M&NJ to earn a lower rental payment so it would be able to invest in improvements on the lease lines to increase traffic levels. According to M&NJ, the affected interchange point is Campbell Hall, NY.

M&NJ certifies that the projected annual revenues as a result of the proposed transaction will not result in M&NJ becoming a Class II or Class I rail carrier, and that its projected annual revenues will not exceed \$5 million.

M&NJ states that it expects to consummate the transaction on or shortly after October 1, 2010, which is subsequent to the effective date of the exemption (30 days after the exemption was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction. Petitions for stay must be filed not later than September 23, 2010 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 35412, must be filed with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Karl Morell, Ball Janik LLP, 1455 F Street, NW., Suite 225, Washington, DC 20005.

Board decisions and notices are available at our Web site at <http://www.stb.dot.gov>.

It is ordered:

1. The delegation of authority of the Office of Proceedings, under 49 CFR 1011.7(b)(10), to determine whether to issue a notice of exemption in this proceeding is revoked.

2. This decision is effective on the date of service.

Decided: September 13, 2010.

By the Board, Chairman Elliott, Vice Chairman Mulvey, and Commissioner Nottingham. Vice Chairman Mulvey dissented with a separate expression.

Vice Chairman Mulvey, dissenting:

Once again, I must disagree with the Board's decision to allow a transaction containing a significant interchange commitment to be processed under the Board's class exemption procedures at 49 CFR 1150.41. I believe that it is incumbent for the Board to take a close look at interchange commitments before permitting them to become effective, particularly when they contain outright bans on interchange with third-party carriers or, as here, economic incentives that can only be evaluated with the provision of additional information.

Here, M&NJ seeks authorization to lease or sublease approximately 36 miles from NSR. As disclosed in the M&NJ's Verified Notice of Exemption, the lease agreement contains an interchange commitment that gives M&NJ a "credit" toward its annual lease payment for every car that it interchanges with NSR at Campbell Hall, NY. But the notice of exemption and supporting documents do not explain (1) whether the "credit" is so large vis a vis the projected carloads and annual lease payment as to eliminate any incentive by M&NJ to interchange with a third-party carrier, (2) how many shippers and carloads will be impacted by the interchange commitment, (3) and what competitive routing options are being foreclosed during the term of the lease.¹ I believe that all of this information, which would be obtained through the Board's more detailed application or a petition for exemption procedures, is necessary to understand the impact of this new lease.

The trickle of transactions with interchange commitments since the Board's 2008 interchange commitment disclosure rules were adopted has turned into a steady drip.² Although the disclosure rules were an important first step to regulating interchange commitments, I urge my colleagues to closely scrutinize newly proposed long-term leases

¹ Indeed, M&NJ's Verified Notice of Exemption does not even indicate how long the proposed lease would be in effect. The Board has included that information in its decision.

² E.g., *Northern Plains R.R.—Lease Exemption—Soo Line R.R.*, FD 35382 (STB served Aug. 6, 2010) (Mulvey, dissenting); *Washington & Idaho Ry.—Lease and Operation Exemption—BNSF Ry.*, FD 35370 (STB served Apr. 23, 2010) (Mulvey, commenting). See disclosure rules at *Disclosure of Rail Interchange Commitments*, EP 575 (Sub-No. 1) (STB served May 29, 2008).

that will shape competition in the rail industry for years to come.

Jeffrey Herzog,
Clearance Clerk.

BILLING CODE 4915–01–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

RTCA NextGen Advisory Committee (NAC)

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of RTCA NextGen Advisory Committee (NAC)

SUMMARY: The FAA published a Notice in the **Federal Register** on September 3, 2010 (75–FR–54221), concerning a Notice to advise the public of a meeting of RTCA NextGen Advisory Committee. The Agenda in that notice has been revised.

DATES: The meeting will be held September 23, 2010, from 8:30 a.m. to 11:30 a.m.

ADDRESSES: The meeting will be held at Bessie Coleman Room, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591. *Metro:* L'Enfant Plaza Station (Use 7th & Maryland Exit).

FOR FURTHER INFORMATION CONTACT: RTCA Secretariat, 1828 L Street, NW., Suite 805, Washington, DC 20036; telephone (202) 833–9339; fax (202) 833–9434; Web site <http://www.rtca.org>.

SUPPLEMENTARY INFORMATION: The Agenda published in the **Federal Register** Notice on September 3, 2010, (75–FR–54221) is revised to read as follows:

- Opening Plenary (Welcome and Introductions).
- Review Terms of Reference.
- Overview of NextGen—Setting the stage for Committee actions.
- RTCA Task Force 5 Recommendations.
- FAA Actions and Activities.
- Close-out ATMAC Action Items.
- Discussion of Initial Task.
- Discussion of Working Subcommittee.
- Set Meeting Dates for 2011.
- Closing Plenary (Other Business, Adjourn).

Attendance is open to the interested public but limited to space availability. With the approval of the chairmen, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person

listed in the **FOR FURTHER INFORMATION CONTACT** section. Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on September 10, 2010.

Robert L. Bostiga,
RTCA Advisory Committee.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Passenger Facility Charge (PFC) Approvals and Disapprovals

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Monthly Notice of PFC Approvals and Disapprovals. In August 2010, there were two applications approved. This notice also includes information on one application, approved in July 2010, inadvertently left off the July 2010 notice. Additionally, three approved amendments to previously approved applications are listed.

SUMMARY: The FAA publishes a monthly notice, as appropriate, of PFC approvals and disapprovals under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101–508) and Part 158 of the Federal Aviation Regulations (14 CFR Part 158). This notice is published pursuant to paragraph d of § 158.29.

PFC Applications Approved

Public Agency: Puerto Rico Ports Authority, San Juan, Puerto Rico.

Application Number: 09–06–C–00–SJC.

Application Type: Impose and use a PFC.

PFC Level: \$3.00.

Total PFC Revenue Approved in This Decision: \$19,713,152.

Earliest Charge Effective Date: August 1, 2031.

Estimated Charge Expiration Date: March 1, 2033.

Class of Air Carriers Not Required To Collect PFCs: None.

Brief Description of Project Approved for Collection at Luis Munoz Marin International Airport (SJU) and Use at SJU at a \$3.00 PFC Level: PFC application development.

Brief Description of Projects Approved for Collection at SJU and Use at Jose Aponte de la Torre Airport at a \$3.00 PFC Level:

Phase 0 construction—terminal facility.
