

study of its kind, it could make an important contribution towards better understanding of non-O157 STEC infections and to providing science-based recommendations for

interventions to prevent these infections.

Persons with non-O157 STEC infections who are identified as part of routine public health surveillance and randomly selected healthy persons in

the patients' communities (to serve as controls) will be contacted and offered enrollment into this study. Participation is completely voluntary and there is no cost for enrollment.

##### Submission for OMB Review; Comment Request

*Title:* Office of Community Services (OCS) Community Economic Development (CED) and Job Opportunities for Low-Income Individuals (JOLI) Standard Reporting Format.

*OMB No.:* New Collection.

*Description:* The Office of Community Services (OCS) is collecting key information about projects funded through the Community Economic Development (CED) and Job Opportunities for Low-Income Individuals (JOLI) programs. The legislative requirement for these two programs is in Title IV of the Community Opportunities, Accountability and Training and Educational Services Act (COATS Human Services Reauthorization Act) of October 27, 1998, Public Law 105-285, section 680(b) as amended. The Performance Progress Report (PPR) is a new proposed reporting format that will collect information concerning the outcomes and management of CED and JOLI projects. OCS will use the data to critically review the overall design and effectiveness of each program.

The PPR will be administered to all active grantees of the CED and JOLI

programs. Grantees will be required to use this reporting tool for their semiannual reports. The majority of the questions in this tool were adapted from a previously approved questionnaire, Office of Management and Budget (OMB) Control Number: 0970-0317. Questions were also adapted to the OMB-approved reporting format of the PPR, specifically forms SF-PPR, SF-PPR-A, SF-PPR-B, and SF-PPR-E. Additional changes were made to improve the clarity and quality of the data and to eliminate unnecessary questions. The PPR will replace both the annual questionnaire and the current semi-annual reporting format, which will result in an overall reduction in burden for the grantees while significantly improving the quality of the data collected by OCS.

*Respondents:* Current CED and JOLI grantees.

TABLE 1—ANNUAL BURDEN ESTIMATE

Instrument	Number of responses	Number of responses per respondent	Average burden hours per response	Total burden hours
PPR Forms for current OCS JOLI grantees .....	40	2	1.5	120
PPR Forms for current OCS CED grantees .....	170	2	1.5	510
Estimated Annual Burden Hours .....				630

*Estimated Total Annual Burden Hours:* 630.
