The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: Occupational Safety and Health Administration.

Type of Review: Extension without change of a previously approved collection.

Title of Collection: Inorganic Arsenic (29 CFR 1910.1018).

OMB Control Number: 1218-0104.

Affected Public: Business or other for-profits.

Estimated Number of Respondents: 3.

Estimated Total Annual Burden

Hours: 385.

Estimated Total Annual Costs Burden: \$31,165.

Description: The purpose of the Department's Inorganic Arsenic Standard at 29 CFR 1910.1018 and the information collection requirements contained therein is to provide protection for employees from the adverse health effects associated with occupational exposure to inorganic arsenic. For additional information, see the related 60-day preclearance notice published in the **Federal Register** at 73 FR 55871 on September 26, 2008. PRA documentation prepared in association with the preclearance notice is available on <http://www.regulations.gov> under docket number OSHA 2008-0036.

Darrin A. King,

Departmental Clearance Officer.

Boise Cascade, LLC, Wood Products Division, La Grande Lumber Mill, La Grande, OR; Boise Cascade, LLC, Wood Products Division, La Grande Particleboard, La Grande, OR; Notice of Affirmative Determination Regarding Application for Reconsideration

By application postmarked October 24, 2008, the Oregon AFL-CIO Labor Liaison and the Carpenter's Industrial Council requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA) applicable to workers and former workers of the subject firm. The determination was issued on October 1, 2008. The Notice of Determination was published in the **Federal Register** on October 20, 2008 (73 FR 62323).

The initial investigation resulted in a negative determination based on the finding that imports of softwood lumber and particleboard did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred.

In the request for reconsideration, the petitioner provided additional information pertaining to imports of softwood lumber and particleboard and requested further investigation concerning the import impact on production at the subject firm.

The Department has carefully reviewed the request for reconsideration and the existing record and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 14th day of November 2008.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

Rexam Closure Systems, Inc., Bowling Green, OH; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated October 22, 2008, the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America, Region 2-B, requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA) applicable to workers and former workers of the subject firm. The determination was issued on October 3, 2008. The Notice of Determination was published in the **Federal Register** on October 20, 2008 (73 FR 62323).

The initial investigation resulted in a negative determination based on the finding that imports of plastic closures for plastic food industry packaging did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred.

In the request for reconsideration, the petitioner provided additional information pertaining to a shift in subject plant production of plastic closures for plastic food industry packaging to China and requested further investigation of import impact as it relates to declining subject plant production of plastic closures for plastic food industry packaging.

The Department has carefully reviewed the request for reconsideration and the existing record and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 13th day of November 2008.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.
