ENVIRONMENTAL PROTECTION AGENCY

[FRL-6960-3]

Supplemental Notice of Proposed Administrative De Minimis Settlement, and Notice of Proposed Second Administrative De Minimis Settlement, Pursuant to Section 122(g) of the Comprehensive Environmental Response, Compensation and Liability Act, and Notice of Public Meeting and Proposed Settlement Pursuant to Section 7003(d) of the Resource Conservation and Recovery Act; In Re: Lenz Oil Services, Inc., Site, Lemont, IL

AGENCY: Environmental Protection Agency.

ACTION: Notice; request for public comment.

SUMMARY: In accordance with section 122(i)(1) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended ("CERCLA"), and section 7003(d) of the Resource Conservation and Recovery Act, as amended ("RCRA"), the EPA is giving this supplemental notice of a proposed administrative *de minimis* settlement, and is giving notice of a proposed second administrative *de minimis* settlement, under section 122(h)(1) of CERCLA and section 7003 of RCRA concerning the Lenz Oil Services, Inc., site ("Site") in Lemont, Illinois. The United States Department of Justice has approved of these settlements, subject to review and comment by the public as provided by this notice. If the public requests a meeting pursuant to RCRA section 7003(d), EPA will hold a public meeting in the vicinity of the Site to discuss these settlements.

Both of these settlements resolve Environmental Protection Agency (EPA) claims under section 107(a) of CERCLA and section 7003 of RCRA, and a State of Illinois claim under section 22.2a of the Illinois Environmental Protection Act. The supplemental notice to the first settlement resolves claims against 15 parties who timely executed binding certifications of their consent to the settlement. The second settlement resolves claims against 12 parties who timely executed binding certifications of their consent to the second settlement. U.S. EPA identified 6 of these 27 settlers in the October 28, 1998, notice of the original *de minimis* settlement, but now requires additional public notice due to clarifications to the name of the party or the settling amount. The Supplemental Information Section below identifies the parties executing binding certifications of their consent to these settlements.

The supplemental notice for the first settlement identifies 15 settling parties who will pay a total of \$118,840.17 to the Hazardous Substances Superfund, Lenz Oil Services, Inc., Special Account, and a total of \$48,462.09, to the State of Illinois for costs incurred relating to past Site response actions. The second settlement identifies 12 parties who will pay a total of \$91,701.28 to the Hazardous Substances Superfund, Lenz Oil Services, Inc., Special Account, and a total of \$6,787.05, to the State of Illinois for costs incurred relating to past Site response actions.

Each settling party must pay an amount specified for that party in the settlement based on the volume of waste that party contributed to the Site; except as to 2 parties in this notice, who are paying a lesser amount based on an analysis of their ability to pay the settlement. Payments received shall be applied, retained or used to finance the response actions taken or to be taken at or in connection with the Site, including payments for past response costs, future oversight costs and/or other future costs of conducting the response.

The first settlement was modified as specified in an errata sheet to correct certain errors in the settlement documents and to supplement settlement terms relating to federal agency settlers. Consequently, following the public comment period, we are providing each supplemental notice party with an opportunity to ratify the errata changes, or to withdraw from the settlement without penalty.

For 30 days following the date of publication of this notice, and at the public meeting identified above, the Agency will receive written comments relating to the settlement. The Agency will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate. The Agency's response to any comments received will be available for public inspection at the Lemont Town Hall, 418 Main Street, Lemont, Illinois and at the EPA, Region 5, 7th Floor File Room, 77 West Jackson Boulevard, Chicago, Illinois.

DATES: You must submit comments on or before May 3, 2001.

Hersh, Associate Regional Counsel (C-14J), Region V, 77 West Jackson Boulevard, Chicago, Illinois, 60604-3590, or by calling (312) 886-6235. SUPPLEMENTARY INFORMATION:

A. Need for and Use of Information Collection

Section 4 of the Federal Home Loan Bank Act (Bank Act) establishes the eligibility requirements for an

institution to become a member of a Federal Home Loan Bank (FHLBank). See 12 U.S.C. 1424. Part 925 of the Finance Board's regulations (membership regulation) implements section 4 of the Bank Act. See 12 CFR part 925. The membership regulation provides uniform application requirements an applicant for FHLBank membership must meet and review criteria a FHLBank, and where appropriate, the Finance Board, must apply to determine whether the applicant satisfies the statutory and regulatory membership requirements. More specifically, the membership regulation implements the statutory eligibility requirements and provides guidance to an applicant on how it may satisfy the requirements. The regulation authorizes a FHLBank to approve or deny each membership application and permits an applicant to appeal a FHLBank denial to the Finance Board.

The information collection, which is contained in § 925.2 through § 925.31 of the membership regulation, 12 CFR 925.2-925.31, is necessary to enable the FHLBanks and, where appropriate, the Finance Board, to determine whether: (i) An institution satisfies the statutory and regulatory membership requirements; (ii) an annual adjustment to a member's minimum FHLBank stockholding requirement is necessary; (iii) a member may withdraw; and (iv) a member can transfer to a different FHLBank district.

The OMB number for the information collection is 3069-0004. The OMB clearance for the information collection expires on April 30, 2001.

The likely respondents are institutions that are or want to become members of a FHLBank.

B. Burden Estimate

The Finance Board estimates that a total annual average of 865 institutions will apply for FHLBank membership, with 1 application per institution. The estimate for the average hours per application is 21 hours. The Finance Board estimates that a total annual average of 1 institution will submit an appellate application to the Finance Board. The estimate for the annual hour burden for institutions applying for FHLBank membership is 18,175 hours (865 applicants × 1 application × 21 hours + 1 appellate application × 10 hours).

The Finance Board estimates a total annual average of 7,577 FHLBank members will submit a capital stock calculation worksheet, with 1 response per member. The estimate for the average hours per worksheet is 0.6 hours. The estimate for the annual hour burden for capital stock calculation
