#### Mandatory Reporting of Greenhouse Gases: Minor Harmonizing Changes to the General Provisions

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Withdrawal of direct final rule.

**SUMMARY:** Because EPA received comments which could be construed as adverse, we are withdrawing the direct final rule to amend the general provisions for the Mandatory Greenhouse Gas (GHG) Reporting Rule, published on March 16, 2010.

**DATES:** Effective April 30, 2010, EPA withdraws the direct final rule published at 75 FR 12451 on March 16, 2010.

**SUPPLEMENTARY INFORMATION:** On March 16, 2010, we published a direct final rule (75 FR 12451) and a parallel proposal (75 FR 12489) amending the general provisions for the GHG Reporting Rule. These amendments were issued as a direct final rule, along with a parallel proposal to be used as the basis for final action in the event EPA received any adverse comments on the direct final amendments. Because EPA received comments which could be construed as adverse, we are withdrawing the direct final rule to amend the general provisions for the Mandatory GHG Reporting Rule, published on March 16, 2010. We stated in that direct final rule that if we received adverse comment by April 15,

We subsequently received comments that could be construed as adverse on that direct final rule. We will address those comments in a subsequent final action based on the parallel proposal published on March 16, 2010 (75 FR 12489). As stated in the direct final rule and the parallel proposed rule, we will not institute a second comment period on this action.

#### SUPPLEMENTARY INFORMATION:

##### A. Background

The DoD improvement plan for the GAO High Risk Area—Contract Management, includes a commitment

from DoD to clarify and/or enhance the DFARS to ensure that appropriate surveillance plans are included in contracts for services. This rule amends the DFARS to ensure that quality assurance surveillance plans are prepared in conjunction with the statement of work or statement of objectives, and included in solicitations and contracts for services to facilitate assessments of contractor performance. Additionally, the requirement for a quality assurance surveillance plan shall be addressed and documented in the contract file for each contract with a dollar value above the simplified acquisition threshold.

DoD is issuing this rule as a final rule because this rule does not have a significant effect beyond the internal operating procedures of DoD and does not have a significant cost or administrative impact on contractors or offerors. Therefore, public comment is not required in accordance with 41 U.S.C. 418b(a).

##### B. Regulatory Flexibility Act

The Regulatory Flexibility Act does not apply to this rule. This final rule does not constitute a significant DFARS revision within the meaning of FAR 1.501 and public comment is not required in accordance with 41 U.S.C. 418b(a).

##### C. Paperwork Reduction Act

The Paperwork Reduction Act (Pub. L. 96-511) does not apply because the rule does not impose additional information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, et seq.
