Hazardous Materials Training Requirements; Correction

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correcting amendment.

SUMMARY: This document corrects the final rule, “Hazardous Materials Training Requirements” published in the *Federal Register* of October 7, 2005.

DATES: Effective December 20, 2005.

FOR FURTHER INFORMATION CONTACT: Janet McLaughlin, Office of Hazardous Materials, ADG–1, Federal Aviation Administration, 800 Independence Ave., SW., Washington, DC 20591; telephone (202) 267–8434.

SUPPLEMENTARY INFORMATION: On October 7, 2005, the FAA published a final rule, “Hazardous Materials Training Requirements” (70 FR 58796; Oct. 7, 2005). The rule added appendix O to part 121 to prescribe the requirements for hazardous materials training under part 121, subpart Z, and part 135, subpart K. The appendix contains two tables (one for will-carry certificate holders, and the other for will-not-carry certificate holders) showing various categories of persons, defined by job function or responsibility, and the specified category they must receive. In both tables, in the entry for “Provisions for passengers and crew,” there should not have been an “X” in the column for “Shippers.”

In addition, the rule added § 145.206 Notification of hazardous materials authorizations. As explained in the preamble of that rule, sections proposed as §§ 121.801 through 121.804 (subpart Z) were renumbered as §§ 121.1001 through 121.1007 in the final rule because other rules had been added to part 121 since the NPRM was published. Section 145.206 (a) contained a cross reference that was not correctly updated. This document corrects that error.

The Amendment

■ In consideration of the foregoing, the Federal Aviation Administration corrects chapter I of title 14, Code of Federal Regulations, as follows:

PART 121—OPERATING REQUIREMENTS: DOMESTIC, FLAG, AND SUPPLEMENTAL OPERATIONS

■ 1. The authority citation for part 121 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 40119, 41706, 44101, 44701–44702, 44705, 44709–44711, 44713, 44716–44717, 44722, 44901, 44903–44904, 44912, 45101–45105, 46105, 46301.

■ 2. Amend appendix O by revising Table 1 and Table 2 to read as follows:

Aspects of transport of hazardous materials by air with which they must be familiar, as a minimum (See note 1)	Shippers (See Note 2) Will-carry	Operators and ground-handling agent's staff accepting hazardous materials (See Note 3) Will-carry	Operators and ground-handling agents staff responsible for the handling, storage, and loading of cargo and baggage Will-carry	Passenger-handling staff Will-carry	Flight crew members and load planners Will-carry	Crew members (other than flight crew members) Will-carry

Note 1.—Depending on the responsibilities of the person, the aspects of training to be covered may vary from those shown in the table.

Note 2.—When a person offers a consignment of hazmat, including COMAT, for or on behalf of the certificate holder, then the person must be trained in the certificate holder's training program and comply with shipper responsibilities and training. If offering goods on another certificate holder's equipment, the person must be trained in compliance with the training requirements in 49 CFR. All shippers of hazmat must be trained under 49 CFR. The shipper functions in 49 CFR mirror the training aspects that must be covered for any shipper offering hazmat for transport.

Note 3.—When an operator, its subsidiary, or an agent of the operator is undertaking the responsibilities of acceptance staff, such as the passenger handling staff accepting small parcel cargo, the certificate holder, its subsidiary, or the agent must be trained in the certificate holder's training program and comply with the acceptance staff training requirements.

TABLE 2.—OPERATORS THAT DO NOT TRANSPORT HAZARDOUS MATERIALS—WILL-NOT-CARRY CERTIFICATE HOLDERS

Aspects of transport of hazardous materials by air with which they must be familiar, as a minimum (See Note 1)	Shippers (See Note 2) Will-not-carry	Operators and ground-handling agent's staff accepting cargo other than hazardous materials (See Note 3) Will-not-carry	Operators and ground-handling agents staff responsible for the handling, storage, and loading of cargo and baggage Will-not-carry	Passenger-handling staff Will-not-carry	Flight crew members and load planners Will-not-carry	Crew members (other than flight crew members) Will-not-carry

Emergency procedures	X	X	X	X	X	X

Note 1.—Depending on the responsibilities of the person, the aspects of training to be covered may vary from those shown in the table.

Note 2.—When a person offers a consignment of hazmat, including COMAT, for air transport for or on behalf of the certificate holder, then that person must be properly trained. All shippers of hazmat must be trained under 49 CFR. The shipper functions in 49 CFR mirror the training aspects that must be covered for any shipper, including a will-not-carry certificate holder offering dangerous goods for transport, with the exception of recognition training. Recognition training is a separate FAA requirement in the certificate holder's training program.

Note 3.—When an operator, its subsidiary, or an agent of the operator is undertaking the responsibilities of acceptance staff, such as the passenger handling staff accepting small parcel cargo, the certificate holder, its subsidiary, or the agent must be trained in the certificate holder's training program and comply with the acceptance staff training requirements.

PART 145—REPAIR STATIONS

§ 145.206 [Amended]

■ 3. The authority citation for part 145 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701–44702, 44707, 44717.

■ 4. Amend § 145.206 (a) by removing the reference to “§ 121.905 (e)” and replacing it with “§ 121.1005 (e).”
