Abstract: On January 21, 2021 the President issued Executive Order (E.O.) 14000 to assist members of the educational community in each State in safely reopening schools for face-to-face instruction and ensuring schools remain open. E.O. 14000 directs the Department to make widely available and easily accessible a variety of resources from the field and Federal agencies and technical assistance to support their dissemination and use. The hub for these resources will be the Clearinghouse described in E.O. 14000. The Department's Office of Elementary and Secondary Education (OESE) will lead development and implementation of the Clearinghouse in partnership with other ED offices and relevant Federal agencies. At the heart of the Clearinghouse will be the lessons learned and best practices collected from schools, districts, States, and institutions of higher education from across the country.

Additional information: It will address three major topics related to operating safely during the COVID-19 pandemic:

- **Safe and Healthy Environments:** School and campus approaches to implementing the Centers for Disease Control and Prevention's (CDC) recommended mitigation strategies and preparing for and sustaining in-person operations safely. This includes recommendations across all grade and age levels of students served, with focus both on reopening buildings for the first time as well as keeping them open safely.

- **Providing Supports to Students:** School and campus strategies to meet student social, emotional, mental health, academic, financial, and other needs, including access to food and other basic needs. This includes a specific focus on the most vulnerable learners and ensuring that resources provided by schools and campuses will be able to connect with and meet the needs of those disconnected from learning.

- **Teacher, Faculty, and Staff Well-Being, Professional Development, and Supports:** School and campus strategies to address the social, emotional, health, and other needs of teachers, faculty, and staff.

In order to quickly categorize, review, and approve submissions for inclusion in the Clearinghouse, the Department would like to request that voluntary submissions include the following information: (1) Contact information; (2) Topic (e.g., safe and healthy environments; providing supports for students; teacher, faculty, and staff well-being, professional development, and supports); (3) Target audience (e.g., early childhood, PreK-12, postsecondary); (4) A short description (two to three sentences); (5) What makes it a lesson learned or best practice (e.g., it is based on local data regarding number of cases of COVID in the community, State or Federal guidance, research), including a summary of the impact and any evidence of positive outcomes and clarification of the type of setting the practice has been used in (e.g., rural/urban/suburban, public/private/proprietary, 2-year or 4-year higher education institution, Historically Black College or University/Tribally Controlled College or University/Minority Serving Institution; other educational settings such as correctional facilities); and (6) Whether there is a focus on racial equity and/or another equity focus, such as a focus on historically underserved populations including students with disabilities; English learners; students from low-

income backgrounds; first-generation college students; students experiencing homelessness; students in or formerly in foster care; Lesbian, Gay, Bisexual, Transgender, Queer, Intersex, Asexual (LGBTQIA) students; undocumented students; student veterans and military-connected students; student parents; and international students.
