

program. This involves tracking the service for all AmeriCorps members, ensuring that certain requirements of the Corporation's enabling legislation are met, and processing school and loan payments that the members authorize.

Current Action

After an AmeriCorps member completes a period of national service, the individual receives an education award that can be used to pay against qualified student loans or pay for current post secondary educational expenses. The Voucher and Payment Request Form is the document that a member uses to access his or her account in the National Service Trust.

The form serves three purposes: (1) The AmeriCorps member uses it to request and authorize a specific payment to be made from his or her account, (2) the school or loan company uses it to indicate the amount for which the individual is eligible, and (3) the school or loan company and member both certify that the payment meets various legislative requirements. When the Corporation receives a voucher, it is processed and the U.S. Treasury issues a payment to the loan holder or school on behalf of the AmeriCorps member.

The form was first designed and some variation of it has been in use since the summer of 1994. The proposed revisions are being made to clarify certain sections of the existing form. The voucher will include boxes for some of the responses, because the Corporation intends to scan the images and automatically retrieve some of the information. Currently, all of the information from the form is entered into the Corporation's database by hand. Automating part of this process should greatly decrease the processing time and decrease the number of payment errors.
