

available routing options offered by NASDAQ.

NASDAQ notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. NASDAQ believes that the change will further enhance the competitiveness of its fees in comparison with those charged by other venues, and that its fees are reasonable and equitably allocated to members on the basis of whether they opt to direct orders to NASDAQ.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁶ and subparagraph (f)(2) of Rule 19b-4 thereunder.⁷ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

[Release No. 34-61451; File No. SR-NASDAQ-2010-012]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Describing the NASDAQ Ouch BBO Feed

February 1, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 22, 2010, The NASDAQ Stock Market LLC ("Nasdaq" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. Nasdaq has designated the proposed rule change as constituting a rule change under Rule 19b-4(f)(6) under the Act,³ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq submits this proposal regarding the availability of the NASDAQ Ouch BBO Feed, a data feed that represents Nasdaq's internal view of the best bid and offer among all market centers other than Nasdaq (the "BBO"), which is provided at no cost.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

⁸ The text of the proposed rule change is available on the Commission's Web site at <http://www.sec.gov/rules/sro.shtml>.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq submits this proposal regarding the availability of the NASDAQ Ouch BBO Feed, a data feed that represents Nasdaq's internal view of the best bid and offer among all market centers other than Nasdaq. The NASDAQ Ouch BBO Feed is available to all NASDAQ members equally at no charge, and offers all firms transparent, real-time data concerning Nasdaq's internal view of the BBO. This data feed reflects Nasdaq's view of the BBO, at any given time, based on orders executed on Nasdaq and updated quote information from the SIPs. Nasdaq makes the NASDAQ Ouch BBO Feed available to all market participants via subscription through an established connection to Nasdaq through extranets, direct connection, and Internet-based virtual private networks.

The NASDAQ Ouch BBO Feed contains the following data elements: Symbol, bid price, and ask price.⁴ Unlike the Nasdaq TotalView feed, the Ouch BBO feed does not contain information about individual orders, either those residing within the Nasdaq system or those executed or routed by Nasdaq. Unlike the SIP feeds containing the National Best Bid and Offer ("NBBO"), the Ouch BBO Feed does not identify either the market center quoting the BBO or the size of the BBO quotes. It merely contains the symbol and bid and offer prices.

By making the NASDAQ Ouch BBO Feed data available, Nasdaq enhances market transparency and fosters competition among orders and markets. Member firms may use the NASDAQ Ouch BBO Feed to more accurately price their orders based on Nasdaq's view of what the BBO is at any point in time, which may not be reflected in the official NBBO due to latencies inherent in the NBBO's dissemination. As a consequence, member firms may more accurately price their orders on Nasdaq, thus avoiding price adjustments by Nasdaq based on a quote that is no longer available. Additionally, members can price orders more aggressively to narrow the NBBO and provide better reference prices for investors.

At this time, Nasdaq does not have plans to charge an additional fee associated with the receipt of the NASDAQ Ouch BBO Feed. Should Nasdaq determine to charge fees

associated with the NASDAQ Ouch BBO Feed, Nasdaq will submit a proposed rule change to the Commission in order to implement those fees.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general and with Sections 6(b)(5) of the Act,⁶ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Nasdaq believes that this proposal is in keeping with those principles by promoting increased transparency through the dissemination of NASDAQ Ouch BBO Feed data and by clarifying its availability.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

⁶ 15 U.S.C. 78f(b)(5).

⁷ 15 U.S.C. 78s(b)(3)(A).

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. Nasdaq has satisfied this requirement.

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁹ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. Nasdaq requests that the Commission waive the 30-day operative delay because it would permit Nasdaq to immediately provide the information regarding the NASDAQ Ouch BBO Feed access requirements to market participants. The Commission believes that waiving the 30-day operative delay¹¹ is consistent with the protection of investors and the public interest and designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61459; File No. SR-ISE-2010-07]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Foreign Currency Options

February 1, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 19, 2010, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to amend its incentive plan for market makers in a newly listed foreign currency option and to establish fees for transactions in the newly listed foreign currency option. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), on the Commission's Web site at <http://www.sec.gov>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend the Exchange's incentive plan for market makers on a newly listed foreign currency option, specifically, the Brazilian real ("BRB")³ and to establish fees for transactions in options on BRB. Options on BRB began trading on the Exchange on January 19, 2010. As such, this proposed fee change will be operative and effective on January 19, 2010.

In order to promote trading in options on BRB, the Exchange proposes to add BRB to the incentive plan the Exchange currently has in place for market makers in options on the New Zealand dollar ("NZD"), the Mexican peso ("PZO") and the Swedish krona ("SKA").⁴ Market makers will be able to enter into the

incentive plan until March 31, 2010.⁵ Participants in the incentive plan are known on the Exchange's Schedule of Fees as Early Adopter Market Makers. Under the incentive plan, the Exchange will waive the applicable transaction fees for both the Early Adopter FXPMM⁶ and all Early Adopter FXCMMs⁷ that make a market in BRB for as long as the incentive plan is in effect. Further, pursuant to a revenue sharing agreement entered into between an Early Adopter Market Maker and ISE, the Exchange will pay the Early Adopter FXPMM forty percent (40%) of the transaction fees collected on any customer trade in BRB and will pay up to ten (10) Early Adopter FXCMMs that participate in the incentive plan twenty percent (20%) of the transaction fees collected for trades between a customer and that FXCMM. Market makers that do not participate in the incentive plan, i.e., market makers that begin to quote and trade in BRB after March 31, 2010, will be charged regular transaction fees for trades in this product.

The Exchange is proposing to adopt an execution fee of \$0.40 per contract for all Public Customer Orders⁸ in options on BRB.⁹ The amount of the execution fee for all Firm Proprietary orders for options on BRB will be \$0.20 per contract and the execution fee for all non-Early Adopter ISE Market Makers in options on BRB shall be equal to the execution fee currently charged by the Exchange for ISE Market Maker orders in equity options.¹⁰ Finally, the amount of the execution fee for all non-ISE Market Maker orders for options on BRB shall be \$0.45 per contract.¹¹ The

⁷ A FXCMM is a competitive market maker selected by the Exchange that trades and quotes in FX Options only. See ISE Rule 2213.

⁸ Public Customer Order is defined in Exchange Rule 100(a)(39) as an order for the account of a Public Customer. Public Customer is defined in Exchange Rule 100(a)(38) as a person or entity that is not a broker or dealer in securities.

⁹ These fees will be charged only to Exchange members. Under a pilot program that is set to expire on July 31, 2010, these fees will also be charged to Linkage Principal Orders ("Linkage P Orders") and Linkage Principal Acting as Agent Orders ("Linkage P/A Orders"). The amount of the execution fee charged by the Exchange for Linkage P Orders and Linkage P/A Orders is \$0.27 per contract side and \$0.18 per contract side, respectively. ¹⁰ The Exchange applies a sliding scale, between \$0.01 and \$0.18 per contract side, based on the number of contracts an ISE market maker trades in a month.
