*Burden Hours:* 12,200.

*Number of Respondents:* 8,714.

*Average Hours per Response:* 7 minutes.

*Needs and Uses:* The Monthly Retail Trade Survey provides estimates of monthly retail sales, end-of-month merchandise inventories, and quarterly e-commerce sales of retailers in the United States. In addition, the survey also provides an estimate of monthly sales at food service establishments and drinking places.

Sales and inventories data provide a current statistical picture of the retail portion of consumer activity. The sales and inventories estimates in the Monthly Retail Trade Survey measure current trends of economic activity that occur in the United States. The survey estimates provide valuable information for economic policy decisions and actions by the government and are widely used by private businesses, trade organizations, professional associations, and others for market research and analysis. The Bureau of Economic Analysis (BEA) uses these data in determining the consumption portion of Gross Domestic Product (GDP).

Retail and Food Services Sales during 2009 amounted to \$3.7 trillion. The estimates produced in the Monthly Retail Trade Survey are critical to the accurate measurement of total economic activity. The estimates of retail sales represent all operating receipts, including receipts from wholesale sales made at retail locations and services rendered as part of the sale of the goods, by businesses that primarily sell at retail. The sales estimates include sales made on credit as well as on a cash basis, but exclude receipts from sales taxes and interest charges from credit sales. Also excluded is non-operating income from such services as investments and real estate. The estimates of merchandise inventories owned by retailers represent all merchandise located in retail stores, warehouses, offices, or in transit for distribution to retail establishments. The estimates of merchandise inventories exclude fixtures and supplies not held for sale, as well as merchandise held on consignment owned by others. BEA uses inventories data to determine the investment portion of the GDP.

Retail e-commerce sales are estimated from the same sample used in the Monthly Retail Trade Survey to estimate preliminary and final U.S. retail sales. The Monthly Retail Trade sample is updated on an ongoing basis to account for new retail employer businesses (including those selling via the Internet), business deaths, and other changes to the retail business universe. Research was conducted to ensure that retail firms selected in the Monthly Retail Trade Survey sample engaged in e-commerce are representative of the universe of e-commerce retailers. Total e-commerce sales for 2009 were estimated at \$205 billion.

We publish retail sales and inventories estimates based on the North American Industry Classification System (NAICS).

BEA is the primary Federal user of data collected in the Monthly Retail Trade Survey. BEA uses the information in its preparation of the National Income and Products Accounts, and its benchmark and annual input-output tables. Statistics provided from retail sales and inventories estimates are used in the calculation of GDP. If the survey were not conducted, BEA would lack comprehensive data from the retail sector. This would adversely affect the reliability of the National Income and Products Accounts and the GDP. The Bureau of Labor Statistics (BLS) uses the data as input to their Producer Price Indexes and in developing productivity measurements. The data are also used for gauging current economic trends of the economy. Private businesses use the retail sales and inventories data to compute business activity indexes. The private sector also uses retail sales as a reliable indicator of consumer activity.

*Affected Public:* Business or other for-profit.

*Frequency:* Monthly.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13 U.S.C., Section 182.

## DEPARTMENT OF COMMERCE

### Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* Monthly Wholesale Trade Survey.

*OMB Control Number:* 0607-0190.

*Form Number(s):* SM4206-A, SM4206-E.

*Type of Request:* Extension of a currently approved collection.

*Burden Hours:* 6,300.

*Number of Respondents:* 4,500.

*Average Hours per Response:* 7 minutes.

*Needs and Uses:* The Monthly Wholesale Trade Survey (MWTS) canvasses firms primarily engaged in merchant wholesale trade, excluding manufacturers' sales branches and offices (MSBOs), that are located in the United States. This survey provides the only continuous measure of monthly wholesale sales, end-of-month inventories, and inventories/sales ratios. The sales and inventory estimates produced from the MWTS provide current trends of economic activity by kind of business for the United States. Also, the estimates compiled from this survey provide valuable information for economic policy decisions by the government and are widely used by private businesses, trade organizations, professional associations, and other business research and analysis organizations.

As one of the U.S. Census Bureau's principal economic indicators, the estimates produced by the MWTS are critical to the accurate measurement of total economic activity of the United States. The estimates of sales made by wholesale locations represent only merchant wholesalers, excluding MSBOs, who take title to goods bought for resale to other companies. Wholesalers normally sell to industrial distributors, retail operations, cooperatives, and other businesses. The sales estimates include sales made on credit as well as on a cash basis, but

exclude receipts from sales taxes and interest charges from credit sales.

The estimates of inventories represent all merchandise held in wholesale locations, warehouses, and offices, as well as goods held by others for sale on consignment or in transit for distribution to wholesale establishments. The estimates of inventories exclude fixtures and supplies not for resale, as well as merchandise held on consignment which are owned by others. Inventories are an important component in the Bureau of Economic Analysis's (BEA) calculation of the investment portion of the Gross Domestic Product (GDP).

We publish wholesale sales and inventory estimates based on the North American Industry Classification System (NAICS) which has been widely adopted throughout both the public and private sectors.

The Census Bureau tabulates the collected data to provide, with measurable reliability, statistics on sales, end-of-month inventories, and inventories/sales ratios for merchant wholesalers, excluding MSBOs.

The BEA is the primary Federal user of data collected in the MWTS. The BEA uses data from this form to prepare the national income and product accounts (NIPA), input-output accounts (I-O), and gross domestic product (GDP) by industry. End-of-month inventories are used to prepare the change in private inventories component of GDP. Sales are used to prepare estimates of real inventory-sales ratios in the NIPAs, extrapolate proprietors' income for wholesalers (until tax return data become available) in the NIPAs, and extrapolate annual current-dollar gross output for the most recent year in annual I-O tables, GDP-by-industry, and advance GDP-by-industry estimates.

The Bureau of Labor Statistics uses the data as input to its Producer Price Indexes and in developing productivity measurements. Private businesses use the wholesale sales and inventory data in computing business activity indexes. Other government agencies and businesses use this information for market research, product development, and business planning to gauge the current trends of the economy.

**Affected Public:** Business or other for-profit.

**Frequency:** Monthly.

**Respondent's Obligation:** Voluntary.

**Legal Authority:** Title 13 U.S.C., Section 182.

**OMB Desk Officer:** Brian Harris-Kojetin, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek,

Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at [dhynnek@doc.gov](mailto:dhynnek@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Brian Harris-Kojetin, OMB Desk Officer either by fax (202-395-7245) or e-mail ([bharrisk@omb.eop.gov](mailto:bharrisk@omb.eop.gov)).

Dated: March 4, 2011.

## DEPARTMENT OF COMMERCE

### Bureau of Industry and Security

#### Action Affecting Export Privileges; Amy Farrow

In the Matter of: Amy Farrow, 1493 Sanbrook Ct., Bethlehem, PA 18015, Respondent

#### Order Relating to Amy Farrow

The Bureau of Industry and Security, U.S. Department of Commerce ("BIS"), has notified Amy Farrow, in her individual capacity and as sole proprietor of The Wholesale Discount Store of Bethlehem, Pennsylvania ("Farrow"), of its intention to initiate an administrative proceeding against Farrow pursuant to Section 766.3 of the Export Administration Regulations (the "Regulations")<sup>1</sup> and Section 13(c) of the Export Administration Act of 1979, as amended (the "Act"),<sup>2</sup> through the issuance of a Proposed Charging Letter to Farrow that alleged that she committed 116 violations of the Regulations. Specifically, the charges are:

<sup>1</sup> The Regulations are currently codified in the Code of Federal Regulations at 15 CFR Parts 730-774 (2010). The charged violations occurred in 2008. The Regulations governing the violations at issue are found in the 2008 version of the Code of Federal Regulations (15 CFR Parts 730-774 (2008)). The 2010 Regulations set forth the procedures that apply to this matter.

<sup>2</sup> 50 U.S.C. app. sections 2401-2420 (2000). Since August 21, 2001, the Act has been in lapse and the President, through Executive Order 13,222 of August 17, 2001 (3 CFR, 2001 Comp. 783 (2002)), as extended most recently by the Notice of August 17, 2010 (75 FR 50,681 (Aug. 16, 2010)), has continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*).

#### Charges 1-116 15 CFR 764.2(a): Exporting Stun Guns Without a License

On 116 occasions between on or about January 1, 2008 and on or about July 20, 2008, Farrow engaged in conduct prohibited by the Regulations by exporting items subject to the Regulations to various destinations without the required Department of Commerce authorization. Specifically, Farrow exported 254 stun guns, items subject to the Regulations, classified under Export Control Classification Number 0A985, and controlled for export to these destinations for crime control reasons, without the export licenses required by Section 742.7 of the Regulations. In exporting these items without a license, Farrow committed 116 violations of Section 764.2(a) of the Regulations.

Whereas, BIS and Farrow have entered into a Settlement Agreement pursuant to Section 766.18(a) of the Regulations, whereby they agreed to settle this matter in accordance with the terms and conditions set forth therein; and

Whereas, I have approved of the terms of such Settlement Agreement;

*It is therefore ordered:*

First, for a period of two years from the date of this Order, Amy Farrow, 1493 Sanbrook Ct., Bethlehem, PA 18015, her representatives, assigns or agents (hereinafter collectively referred to as "Denied Person") may not participate, directly or indirectly, in any way in any transaction involving any commodity, software or technology (hereinafter collectively referred to as "item") exported or to be exported from the United States that is subject to the Regulations, or in any other activity subject to the Regulations, including, but not limited to:

A. Applying for, obtaining, or using any license, License Exception, or export control document;

B. Carrying on negotiations concerning, or ordering, buying, receiving, using, selling, delivering, storing, disposing of, forwarding, transporting, financing, or otherwise servicing in any way, any transaction involving any item exported or to be exported from the United States that is subject to the Regulations, or in any other activity subject to the Regulations; or

C. Benefitting in any way from any transaction involving any item exported or to be exported from the United States that is subject to the Regulations, or in any other activity subject to the Regulations.

Second, that no person may, directly or indirectly, do any of the following:

A. Export or reexport to or on behalf of the Denied Person any item subject to the Regulations;

B. Take any action that facilitates the acquisition or attempted acquisition by
