In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on January 28, 2011, applicable to workers of Digital River Education Services, Inc., a division of Digital River, Inc., including on-site leased workers from Serenity Staffing, Accountemps, Silicon Valley and Liaison Resources, Austin and Dallas, Texas. The notice was published in the **Federal Register** on February 10, 2011 (76 FR 7587).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The

workers provide reselling services to third-party vendors, publishers, and product manufacturers.

Information shows that Digital River Education Services acquired Journey Education Marketing (JEM) in August 2010. Some workers separated from employment at the Austin and Dallas, Texas locations of the subject firm had their wages reported under a separated unemployment insurance (UI) tax account under the name Journey Education Marketing (JEM).

Accordingly, the Department is amending this certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of the subject firm who were adversely affected by the acquisition of services from a foreign country.

The amended notice applicable to TA-W-74,975 is hereby issued as follows:

All workers of Digital River Education Services, Inc., a division of Digital River, Inc., including workers whose unemployment insurance (UI) wages are paid through Journey Education Marketing (JEM), and including on-site leased workers from Serenity Staffing, Accountemps, Silicon Valley, and Liaison Resources, Austin and Dallas, Texas, who became totally or partially separated from employment on or after December 7, 2009 through January 28, 2013, and all workers in the group threatened with total or partial separation from employment on date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

BILLING CODE 4510-FN-P

DEPARTMENT OF LABOR

Employment and Training Administration

Notice of Funding Opportunity and Solicitation for Grant Applications (SGA) for H-1B Technical Skills Training Grants

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice of Solicitation for Grant Applications.

Funding Opportunity Number: SGA/ DFA PY 10-13.

SUMMARY: Through this notice, the Employment and Training Administration (ETA), U.S. Department of Labor (DOL or the Department), announces the availability of

approximately \$240 million in funds for an H-1B Technical Skills Training Grants program. This grant program is designed to provide education, training, and job placement assistance in the occupations and industries for which employers are using H-1B visas to hire foreign workers, and the related activities necessary to support such training. H-1B technical skills training grants are financed by a user fee paid by employers to bring foreign workers into the United States under the H-1B nonimmigrant visa program. This technical skills training program was authorized under Section 414(c) of the American Competitiveness and Workforce Improvement Act of 1998 (ACWIA), as amended (29 U.S.C. 2916a). Grant awards will be made only to the extent that funds are available.

The Department will make awards to two types of training grants: those that provide On-the-Job Training (OJT) to all participants and those that use other training strategies. Of the awards granted through this Solicitation, at least \$150 million will be awarded to grantees that provide OJT to all participants. Between the two types of grants awarded (OJT and other training strategies), DOL intends to fund at least \$45 million to applicants proposing to provide training for occupations in the health care industry and at least \$60 million to applicants that serve long-term unemployed individuals. While this Solicitation is open, DOL anticipates that additional funding will accrue for this grant program. Such additional funding may be made available for awards during the second round of funding, depending on the quality of applications received.

The Department expects to award approximately 75-100 grants ranging

from \$1 million to \$5 million with up to a 48-month period of performance. The Department will award grants to a partnership of private and public sector entities as defined in ACWIA. This partnership must include at least two entities from among the following groups: (1) Businesses or business-related nonprofit organizations, such as trade associations; (2) education and training providers, including community colleges and other community-based organizations; and (3) entities involved in administering the workforce investment system established under Title I of the WIA, and economic development agencies.

The complete SGA is available in detail on ETA's Web site at http://www.doleta.gov/grants/find_grants.cfm or on <http://www.grants.gov>. The Web sites provide application information, eligibility requirements, review and selection procedures and other program requirements governing this solicitation.

DATES: There are two closing dates for receipt of applications which are June 2, 2011 and November 17, 2011.
