

standard for forbearance under section 10 of the Act. Specially, the Commission concluded that there is no current need to apply the Cost Assignment Rules to AT&T. In addition, the Commission stated that LECs similarly situated to AT&T are free to seek comparable forbearance relief. Among other things, AT&T asked for forbearance from four of the Commission's reporting requirements, including the Access Report (ARMIS 43-04.) As a condition of this forbearance, the Commission required AT&T to file a compliance plan, which must include, among other things, a description of its imputation methodology. AT&T must demonstrate that its access charge imputation methodologies remain consistent with section 272(e)(3) of the Communications rules and the Section 272 *Sunset Order*. In particular, AT&T's compliance plan must describe how it will account for imputed tariff rates given the grant of the requested forbearance from section 32.5280(b) and (c) of the Commission's rules. The Commission required that AT&T describe in detail how it will continue to fulfill its statutory and regulatory obligations, including section 254(k), and the conditions of this Order. The relief granted in this Order will not become effective unless and until AT&T's plan is approved. The compliance plan must also include AT&T's first annual certification that it will comply with its obligations under section 254(k) in the absence of the Cost Assignment Rules and will provide any requested cost accounting information necessary to prove such compliance. Also, the Commission required AT&T to include a proposal for how it will maintain its accounting procedures and data in a manner that will allow it to provide useable information on a timely basis if requested by the Commission to comply with any of the conditions of this relief and its commitment to the Commission. Finally, the plan must include an explanation of the transition process that AT&T will undertake, including an expected schedule, to discontinue compliance with Cost Assignment Rules and replace them with the procedures outlined in its compliance plan upon approval of the plan. The Commission delegated to the Chief of the Wireline Competition Bureau (Bureau) to prescribe the administrative requirements of the filing and to approve the plan when the Bureau is satisfied that AT&T will implement a method of preserving the integrity of its accounting system in the absence of the Cost Assignment Rules. Upon approval, the Bureau will release a public notice notifying the public of approval of the plan.

In the Commission's Memorandum Opinion and Order and Notice of Proposed Rulemaking WC Docket No. 08-190, *et al.*, FCC 08-203, released September 6, 2008, it noted that in this proceeding parties have raised the issue of the overlap between the ARMIS requirements at issue in this proceeding and certain cost assignment relief previously granted to AT&T. Because the Commission found that the reasoning of the *AT&T Cost Assignment*

Forbearance Order applies to Verizon and Qwest, it took the opportunity, on its own motion, to extend to them the conditional forbearance granted in the *AT&T Cost Assignment Forbearance Order*, subject to approval of their compliance plan.

The Commission uses an indexed revenue threshold to determine which carriers are required to file the ARMIS reports. The current revenue threshold between Class A carriers and Class B carriers is \$138 million and the revenue threshold between larger Class A carriers and mid-sized carriers is \$8.181 billion.

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following meeting of the aforementioned committee:

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines which have been promulgated by the Department of Health and Human Services (HHS) as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, most recently, August 3, 2007, and will expire on August 3, 2009.

Purpose: This Advisory Board is charged with (a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing

advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advising the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

Matters To Be Discussed: The agenda for the conference call includes: SEC Petition Status Updates; Status of Board Recommendation on Connecticut Aircraft Nuclear Engine Laboratory (CANEL) SEC Petition; Blockson Chemical SEC Petition (Work Group Update); Updates from the Subcommittee on Dose Reconstruction and Work Groups; Board Response to Congressional Letter from Senator Charles Schumer, Senator Hillary Clinton, and Representative Louise Slaughter; New GAO Evaluation; Update on Board Technical Support Contractor Activities; Update on Selection of the Board's Contractor; Future Plans.
