OIRA_submission@omb.eop.gov within 30 days from the date of this publication in the **Federal Register**. In order to ensure the appropriate consideration, comments should reference the OMB Control Number (*see below*).

The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: Employee Benefits Security Administration.

Type of Review: Extension without change of a currently approved collection.

Title of Collection: Final Rule on Statutory Exemption for Cross-Trading of Securities.

OMB Control Number: 1210-0130.

Affected Public: Private sector.

Estimated Number of Respondents: 274.

Total Estimated Annual Burden Hours: 2,859.

Total Estimated Annual Costs Burden (excludes hourly wage costs): \$12,309.

Description: The Regulation on Statutory Exemption for Cross-Trading of Securities (29 CFR 2550.408b-19) implements the content requirements for the written cross-trading policies and procedures required under section 408(b)(19)(H) of the Employee Retirement Income Security Act of 1974 (ERISA), as added by section 611(g) of the Pension Protection Act of 2006, Public Law 109-280 (PPA). Section 611(g)(1) of the PPA created a statutory exemption, added to section 408(b) of ERISA as subsection 408(b)(19), that exempts from the prohibitions of sections 406(a)(1)(A) and 406(b)(2) of ERISA those cross-trading transactions involving the purchase and sale of a security between an account holding assets of a pension plan and any other account managed by the same investment manager, provided that certain conditions are satisfied.

The information collection provisions of the Department's final cross-trading policies and procedure regulation (29 CFR 2550.408b-19) carry out the Congressional directive to specify the contents of the policies and procedures required under the statutory exemption. The Department believes the collections are necessary to safeguard plan assets by requiring that investment managers relying on the statutory exemption effect cross-trades in accordance with policies and procedures that are fair and equitable to all accounts participating in the cross-trading program. The information collection provisions of the regulation, along with other requirements of the statutory

exemption, are also intended to ensure that plan fiduciaries have adequate information to make an informed decision regarding the plan's initial and continued participation in the investment manager's cross-trading program.

For additional information, see related notice published in the **Federal Register** on December 31, 2009 (Vol. 74, page 69365).

Departmental Clearance Officer.
