

the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), and the Food Quality Protection Act (FQPA) of 1996.

The Agency's IPM implementation efforts are based on a wholesale approach aimed at kindergarten through 12th grade public and Tribal schools. The Agency intends to use the information collected through this ICR to encourage school districts to implement IPM programs and to recognize those that have attained a notable level of success. Because IPM implementation occurs along a continuum, the School IPM (SIPM) incentive program will recognize each milestone step a school district must take to begin, grow, and sustain an IPM program.

This program has five awards categories—*Great Start, Leadership, Excellence, Sustained Excellence, and Connector*. The first four categories are stepwise levels that are reflective of the effort, experience, and, ultimately, success that results from implementing EPA-recommended IPM tactics that protect human health and the environment. Schools with pest infestations are not only exposed to potential harm to health and property, but also to stigmatization. The School IPM recognition program will give districts across the nation the opportunity to receive positive reinforcement through public recognition of their efforts in implementing pest prevention and management strategies.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 16.5 hours annually per response. Burden is defined in 5 CFR 1320.3(b).

III. What is the next step in the process for this ICR?

EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0874]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before May 20, 2016. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0874.

Estimated Time per Response: 15 minutes (.25 hours) to 30 minutes (.50 hours).

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Voluntary. The statutory authority for this collection is contained in 47 U.S.C. 208 of the Communications Act of 1934 (Act), as amended by the Telecommunications Act of 1996.

Total Annual Burden: 83,988 hours.

Total Annual Cost: None.

Nature and Extent of Confidentiality: Confidentiality is an issue to the extent that individuals and households provide personally identifiable information, which is covered under the FCC's updated system of records notice (SORN), FCC/CGB–1, "Informal Complaints, Inquiries and Requests for Dispute Assistance", which became effective on September 24, 2014.

Privacy Impact Assessment: The Privacy Impact Assessment (PIA) for Informal Complaints and Inquiries was

completed on June 28, 2007. It may be reviewed at http://www.fcc.gov/omd/privacyact/Privacy_Impact_Assessment.html. The Commission is in the process of updating the PIA to incorporate various revisions to it as a result of revisions to the SORN.

Needs and Uses: The Commission consolidated all of the FCC informal consumer complaint intake into an online consumer complaint portal, which allows the Commission to better manage the collection of informal consumer complaints. Informal consumer complaints consist of informal consumer complaints, inquiries and comments. This revised information collection requests OMB approval for the addition of a layer of consumer reported complaint information. Consumers filing a complaint in the online portal are currently asked to choose a product, method and issue detailing their complaint. These revisions will allow consumers to choose from additional issues as well as multiple sub-issues. This change will assist consumers in providing more granular information about their complaint, assist the Commission in the processing of the complaint and provide more detailed data to inform enforcement and policy efforts at the Commission.
