SUPPLEMENTARY INFORMATION: Pursuant to 23 U.S.C. 327 (Section 327), the California High-Speed Rail Authority (CHSRA or Authority) has assumed FRA's environmental review responsibilities under the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*). However, under Section 327, FRA remains responsible for compliance with the Clean Air Act General Conformity requirements. In compliance with NEPA and the California Environmental Quality Act (CEQA), the Authority published a Final Environmental Impact Record/Final Environmental Impact Statement (EIR/EIS) for the Bakersfield to Palmdale Section of the California High-Speed Rail (HSR) System on June 25, 2021. The Final EIR/EIS is available at <https://hsr.ca.gov/programs/environmental-planning/project-section-environmental-documents-tier-2/bakersfield-to-palmdale-draft-environmental-impact-report-environmental-impact-statement/>.

FRA prepared a Draft General Conformity Determination, pursuant to 40 CFR part 93, subpart B, which establishes the process for complying with the General Conformity requirements of the Clean Air Act. FRA published a notice in the **Federal Register** on May 13, 2021 advising the public of the availability of the Draft Conformity Determination for a 30-day review and comment period. The Draft Conformity Determination was published at <http://www.regulations.gov>, Docket No. FRA-2021-0046. The comment period of the Draft Conformity Determination closed on June 14, 2021. FRA received one comment regarding *Coccidioides immitis*, or more commonly known as the Valley Fever fungus, and a letter of support from the San Joaquin Valley Air District. Both letters were responded to in the Final EIR/EIS and in the Final General Conformity Determination.

The Final General Conformity Determination was prepared in coordination with the Authority, U.S. Environmental Protection Agency (EPA), California Air Resources Board, San Joaquin Valley Unified Air Pollution Control District, and Eastern Kern, and Antelope Valley Air Quality Management Districts. The analysis found that construction period emissions would exceed the General Conformity *de minimis* threshold for Nitrogen Oxides (NO_x) and volatile

organic compounds (VOC), a precursor for ozone. However, operation of the Project would result in an overall reduction of regional emissions of all applicable air pollutants and would not cause a localized exceedance of an air quality standard. Since the Project will result in the exceedance of the *de minimis* thresholds for the precursor criteria pollutants listed above during the construction phase, Project conformity with the applicable emission standards will be accomplished through offsets of the NO_x and VOC emissions, consistent with applicable regulatory requirements.

The Final General Conformity Determination is available at <http://www.regulations.gov>, Docket No. FRA-2021-0046, and FRA's website at <https://railroads.dot.gov/environmental-reviews/clean-air-act-california-general-conformity-determinations>.

Shaquita Merritt, OCC Clearance Officer, (202) 649-5490, Chief Counsel's Office, Office of the Comptroller of the Currency, 400 7th Street SW, Suite 3E-218, Washington, DC 20219.

¹ Following the close of this notice's 60-day comment period, the OCC will publish a second notice with a 30-day comment period.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of title 44 requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the proposed collection of information set forth in this document.

Title: Appraisal Management Companies.

OMB Control No.: 1557–0324.

Affected Public: Business or other for-profit.

Type of Review: Regular review.

Abstract: The OCC, Board of Governors of the Federal Reserve System (FRB), Federal Deposit Insurance Corporation (FDIC), National Credit Union Administration (NCUA), Consumer Financial Protection Bureau (Bureau), and Federal Housing Finance Agency (FHFA) (collectively, Agencies) have rules implementing the minimum requirements in section 1473 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act)² to be applied by States in the registration and supervision of appraisal management companies (AMCs). The Agencies also have implemented the requirement in section 1473 of the Dodd-Frank Act for States to report to the Appraisal Subcommittee of the Federal Financial Institutions Examination Council (FFIEC) the information required by the Appraisal Subcommittee (ASC) to administer the new national registry of appraisal management companies (AMC National Registry or Registry).

State Recordkeeping Requirements

States seeking to register AMCs must have an AMC registration and supervision program. Twelve CFR 34.213(a) requires each participating State to establish and maintain within its appraiser certifying and licensing agency a registration and supervision program with the legal authority and mechanisms to: (i) Review and approve or deny an application for initial

registration; (ii) periodically review and renew or deny renewal of an AMC's registration; (iii) examine the books and records of the AMC operating in the State and require the AMC to submit reports, information, and documents; (iv) verify that the appraisers on an AMC's panel hold valid State certifications or licenses; (v) investigate and assess potential violations of appraisal-related laws, regulations, or orders; (vi) discipline, suspend, terminate, or deny registration renewals of AMCs that violate appraisal-related laws, regulations, or orders; and (vii) report violations of appraisal-related laws, regulations, or orders as well as disciplinary and enforcement actions to the ASC.

Twelve CFR 34.213(b) requires each participating State to impose requirements on AMCs that are not owned and controlled by an insured depository institution and regulated by a Federal financial institutions regulatory agency to: (i) Register with and be subject to supervision by a State appraiser certifying and licensing agency in each State in which the AMC operates; (ii) engage only State-certified or State-licensed appraisers for Federally regulated transactions in conformity with any Federally regulated transaction regulations; (iii) establish and comply with processes and controls reasonably designed to ensure that the AMC, in engaging an appraiser, selects an appraiser who is independent of the transaction and who has the requisite education, expertise, and experience to competently complete the appraisal assignment for the particular market and property type; (iv) direct the appraiser to perform the assignment in accordance with Uniform Standards of Professional Appraisal Practices (USPAP); and (v) establish and comply with processes and controls reasonably designed to ensure that the AMC conducts its appraisal management services in accordance with section 129E(a)–(i) of the Truth in Lending Act.

Burden: 1 respondent; 1 response per year; 40 hours per response; 40 total burden hours.

State Reporting Burden

Twelve CFR 34.216 requires that each State electing to register AMCs for purposes of permitting AMCs to provide appraisal management services relating to covered transactions in the State must submit to the ASC the information required to be submitted under subpart H to part 34 and any additional information required by the ASC concerning AMCs that operate in the State.

Burden: 1,158 respondents; 2 responses per year; 1 hour per response; 2,316 total burden hours.

AMC Recordkeeping Requirements

Twelve CFR 34.212(b) provides that an appraiser in an AMC's network or panel is deemed to remain on the network or panel until: (i) The AMC sends a written notice to the appraiser removing the appraiser from the appraiser panel with an explanation of its action; or (ii) receives written notice from the appraiser asking to be removed from the appraiser panel or notice of the death or incapacity of the appraiser.

Burden: 1,239 respondents; 1 response per year; 0.08 hours per response; 99 total burden hours.

Total Estimated Annual Burden: 2,455 hours.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC's estimate of the information collection burden;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Theodore J. Dowd,

Deputy Chief Counsel, Office of the Comptroller of the Currency.
