As part of its environmental mission, the Safer Choice program partners with businesses and others to help consumers and commercial buyers identify products with safer chemical ingredients, without sacrificing quality or performance. Toward this end, the Safer Choice program certifies products containing ingredients that have met the program's specific and rigorous human health and environmental toxicological criteria. The Safer Choice program allows the use of its label on products that perform and contain safer ingredients, as determined by expert evaluation. The Safer Choice program recognition represents a high level of achievement in formulating products that are safer for people and the environment. The purpose of the Partner of the Year Awards is to recognize the leadership contributions

of Safer Choice partners and stakeholders who, over the past year, have shown outstanding achievement in the design, manufacture, selection, and use of products with safer chemicals. Award winners will be recognized at a Safer Choice Partner of the Year Awards ceremony in the fall of 2019.
