Coast Guard

[Docket No. USCG-2020-0485]

Notification of the Removal of Conditions of Entry on Vessels Arriving From the Republic of Liberia

AGENCY: Coast Guard, DHS.

ACTION: Notice.

SUMMARY: The Coast Guard announces that it is removing the conditions of entry on vessels arriving from the country of the Republic of Liberia.

DATES: The policy announced in this notice is effective on December 22, 2020.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email D.R. McBryde, International Port Security Evaluation Division, United States Coast Guard, telephone 202-372-1213, doris.r.mcbride@uscg.mil.

SUPPLEMENTARY INFORMATION:

Discussion: The authority for this notice is 5 U.S.C. 552(a) ("Administrative Procedure Act"), 46 U.S.C. 70110 ("Maritime Transportation Security Act"), and Department of Homeland Security Delegation No. 0170.1(II)(97.f). As delegated, section 70110(a) authorizes the Coast Guard to impose conditions of entry on vessels arriving in U.S. waters from ports that the Coast Guard has not found to maintain effective anti-terrorism measures. It also requires public notice of the ineffective anti-terrorism measures. The Secretary has delegated to the Coast Guard authority to carry out the provisions of this section.

On May 2, 2005 the the Coast Guard published a Notice in the **Federal Register**, (70 FR 22668), announcing that it had determined that effective anti-terrorism measures were not in place in the ports of the Republic of Liberia. Accordingly, conditions of entry were imposed on vessels that visited the Republic of Liberia in their last five port calls. Based on recent assessments conducted in 2018, the Coast Guard has determined that the Republic of Liberia is maintaining effective anti-terrorism measures, and is accordingly removing the conditions of entry announced in the previously published Notice. With this notice, the current list of countries assessed and not maintaining effective anti-terrorism measures is as follows: Cambodia, Cameroon, Comoros, Cote d'Ivoire, Djibouti, Equatorial Guinea, The Gambia, Guinea-Bissau, Iran, Iraq, Libya, Madagascar, Micronesia, Nauru,

Nigeria, Republic of Seychelles, Sao Tome and Principe, Syria, Timor-Leste, Venezuela, Yemen. The current Port Security Advisory is available at: <http://www.dco.uscg.mil/Our-Organization/Assistant-Commandant-for-Prevention-Policy-CG-5P/International-Domestic-Port-Assessment/>.

Dated: December 16, 2020.

Scott A. Buschman,
Vice Admiral, Deputy Commandant for Operations, U.S. Coast Guard.

Federal Emergency Management Agency

[Docket ID FEMA-2020-0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: New or modified Base (1-percent annual chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR

will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: Each LOMR was finalized as in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at <https://msc.fema.gov>.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP and are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.
