Final Approval Under OMB Delegated Authority of the Extension for Three Years, With Revision, of the Following Information Collection

Collection title: Recordkeeping and Disclosure Requirements Associated with Regulation O.

Collection identifier: FR O.

OMB control number: 7100–0382.

Date: March 18, 2024.

General description of collection: The Board's Regulation O—Loans to Executive Officers, Directors, and Principal Shareholders of Member Banks (12 CFR part 215) governs any extension of credit made by a member bank to an executive officer, director, or principal shareholder of the member bank, of any company of which the member bank is a subsidiary, and of any other subsidiary of that company. Regulation O prohibits extensions of

credit to insiders unless they are made on substantially the same terms (including interest rates and collateral) as those prevailing at the time for comparable transactions by the bank with other persons who are not employed by the bank and do not involve more than the normal risk of repayment or present other unfavorable features. In addition, Regulation O limits extensions of credit by a member bank to individual insiders and to all insiders, requires a member bank's board of directors to approve certain large extensions of credit, and sets forth recordkeeping and disclosure requirements.

Frequency: Event-generated.

Respondents: Insured depository institutions and uninsured member banks.

Total estimated number of respondents: 6,099.

Total estimated change in burden: 12,512.

Total estimated annual burden hours: 21,932.¹

Current actions: On September 28, 2023, the Board published a notice in the **Federal Register** (88 FR 66843) requesting public comment for 60 days on the extension, with revision, of the FR O. The FR O PRA clearance currently only lists member banks as respondents. The Board proposed to revise the FR O PRA clearance to reflect that the information collections included in Regulation O, by operation of statute, apply in practice to all insured depository institutions, regardless of whether they are member banks. This revision would be solely an administrative law matter, and would not actually impose new requirements on any institutions. While the proposed revision would not substantively increase burden for any institution, the administrative change would result in a larger reported burden of 21,932 hours. The comment period for this notice expired on November 27, 2023. The Board did not receive any comments. The revisions will be implemented as proposed.
