

extended EBBP, provided an additional \$14.2 billion, and renamed it the Affordable Connectivity Program (ACP). A household may qualify for the ACP benefit under various criteria, including an individual qualifying for the FCC's Lifeline program.

In a Report and Order adopted on March 31, 2016, (81 FR 33026, May 24, 2016) (*2016 Lifeline Modernization Order*), the Commission ordered USAC to create a National Lifeline Eligibility Verifier ("National Verifier"), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program.

The Consolidated Appropriations Act of 2021 directs the FCC to leverage the National Verifier to verify applicants' eligibility for ACP. The purpose of this matching program is to verify the eligibility of Lifeline and ACP applicants and subscribers by determining whether they receive SNAP and Tribal TANF benefits administered by the Arizona Department of Economic Security.

Participating Agencies

Arizona Department of Economic Security (source agency); Federal Communications Commission (recipient agency) and Universal Service Administrative Company.

Authority for Conducting the Matching Program

The authority to conduct the matching program for the FCC's ACP is 47 U.S.C. 1752(a)–(b). The authority to conduct the matching program for the FCC's Lifeline program is 47 U.S.C. 254(a)–(c), (j).

Purpose(s)

The purpose of this new matching agreement is to verify the eligibility of applicants and subscribers to Lifeline, as well as to ACP and other Federal programs that use qualification for Lifeline as an eligibility criterion. This new agreement will permit eligibility verification for the Lifeline program and ACP by checking an applicant's/ subscriber's participation in SNAP and Tribal TANF in Arizona. Under FCC rules, consumers receiving these benefits qualify for Lifeline discounts and also for ACP benefits.

Categories of Individuals

The categories of individuals whose information is involved in the matching program include, but are not limited to, those individuals who have applied for Lifeline and/or ACP benefits; are currently receiving Lifeline and/or ACP benefits; are individuals who enable another individual in their household to qualify for Lifeline and/or ACP benefits; are minors whose status qualifies a parent or guardian for Lifeline and/or ACP benefits; or are individuals who have received Lifeline and/or ACP benefits.

Categories of Records

The categories of records involved in the matching program include the last four digits of the applicant's Social Security Number, date of birth, first and last name. The National Verifier will transfer these data elements to the Arizona Department of Economic Security which will respond either "yes" or "no" that the individual is enrolled in a qualifying assistance program: SNAP and Tribal TANF administered by the Arizona Department of Economic Security.

System(s) of Records

The records shared as part of this matching program reside in the Lifeline system of records, FCC/WCB–1, Lifeline, which was published in the **Federal Register** at 89 FR 28777 (Apr. 19, 2024).

The records shared as part of this matching program reside in the ACP system of records, FCC/WCB–3, Affordable Connectivity Program, which was published in the **Federal Register** at 89 FR 28780 (Apr. 19, 2024).

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction

Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before July 28, 2025. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418–2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0398.

Title: Sections 15.117(g)(2), 15.201(a), 15.201(d), 15.211, 15.213 and 15.221(c)—Equipment Authorization Measurement Standards.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 250 respondents; 250 responses.

Estimated Time per Response: 18 hours.

Frequency of Response: On occasion, and one time reporting requirements, recordkeeping requirement and third party disclosure requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 4(i), 302, 303(c), 303(f), 303(g) and 303(r), and 309(a).

Total Annual Burden: 3,850 hours.

Total Annual Cost: \$50,000.

Needs and Uses: The Commission will submit this information collection after this 60-day comment period to obtain the full three year clearance from the Office of Management and Budget (OMB). There is no change in the Commission's estimated respondents/responses and/or total annual burden hours. To ensure that technical standards are applied uniformly, the Commission requires respondents to follow appropriate equipment authorization procedures specified in subpart J of part 2 of the Commission's rules. These requirements require manufacturers to comply with certain information collection requirements common to all equipment.¹ In addition to these general requirements, the responsible parties for certain types of equipment must maintain special records as specified by the requirements for those devices.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0331.

Title: Aeronautical Frequency Notification, FCC Form 321.

Form Number: FCC Form 321.

Type of Review: Extension of a currently approved collection.

Respondents: Business and other for-profit entities; not-for-profit institutions.

Number of Respondents: 1,886 respondents, 1,886 responses.

Estimated Time per Response: 0.67 hours.

Frequency of Response: One time and on occasion reporting requirements.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in Sections 154(i), 301, 303, 308 and 309 of the Communications Act of 1934, as amended.

Total Annual Burden: 1,264 hours.

Total Annual Cost: \$188,600.

Needs and Uses: Multichannel Video Programming Distributors (MVPDs) provide their programming over a closed system and, thus, may use all frequencies to do so. They must, however, prevent leakage of those signals from the system and guard against and minimize any harm to aeronautical communications should leak occur. Part of the regime for protecting aeronautical frequencies from

interference and resolving interference is notification of the Commission of use of those frequencies and that proper frequency offsets and other precautions are taken. Form 321 is used for this purpose.

The Commission seeks an extension of this currently approved collection. Under 47 CFR 76.1804, an MVPD shall notify the Commission before transmitting any digital signal with average power exceeding 10^{-5} watts across a 30 kHz bandwidth in a 2.5 millisecond time period, or for other signal types, any carrier of other signal component with an average power level across a 25 kHz bandwidth in any 160 microsecond time period equal to or greater than 10^{-4} watts at any point in the cable distribution system on any new frequency or frequencies in the aeronautical radio frequency bands (108-137 MHz, 225-400 MHz).

The notification shall be made on FCC Form 321, which must be filed electronically via the Commission's COALS database at <https://www.fcc.gov/coals>.
