

and information, there is a reasonable certainty of no harm from aggregate exposure to *Beauveria bassiana* HF23 on all food commodities, resulting either from its use (in accordance with all label direction and good agricultural practices) in chicken and livestock facilities or as a result of the subsequent use of treated manure from livestock and chicken facilities as fertilizer on agricultural crops. Thus, an exemption from the requirement of a tolerance is being granted for residues of *Beauveria bassiana* HF23 on all food commodities in response to pesticide petition PP 8F7467.

IX. Statutory and Executive Order Reviews

This final rule establishes a tolerance under section 408(d) of FFDCA in response to a petition submitted to the Agency. The Office of Management and Budget (OMB) has exempted these types of actions from review under Executive Order 12866, entitled *Regulatory Planning and Review* (58 FR 51735, October 4, 1993). Because this final rule has been exempted from review under Executive Order 12866, this final rule is not subject to Executive Order 13211, entitled *Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use* (66 FR 28355, May 22, 2001) or Executive Order 13045, entitled *Protection of Children from Environmental Health Risks and Safety Risks* (62 FR 19885, April 23, 1997). This final rule does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.*, nor does it require any special considerations under Executive Order 12898, entitled *Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations* (59 FR 7629, February 16, 1994).

Since tolerances and exemptions that are established on the basis of a petition under section 408(d) of FFDCA, such as the tolerance exemption in this final rule, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) do not apply.

This final rule directly regulates growers, food processors, food handlers, and food retailers, not States or tribes, nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of section 408(n)(4) of FFDCA. As such, the Agency has determined that this action will not have a substantial direct effect on States or tribal governments, on the relationship between the national

government and the States or tribal governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian tribes. Thus, the Agency has determined that Executive Order 13132, entitled *Federalism* (64 FR 43255, August 10, 1999) and Executive Order 13175, entitled *Consultation and Coordination with Indian Tribal Governments* (65 FR 67249, November 9, 2000) do not apply to this final rule. In addition, this final rule does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Public Law 104-4).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995 (NTTAA), Public Law 104-113, section 12(d) (15 U.S.C. 272 note).

X. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a "major rule" as defined by 5 U.S.C. 804(2).

SUPPLEMENTARY INFORMATION:

A. Background

This DFARS case is initiated to partially implement section 812 of the National Defense Authorization Act for Fiscal Year 2010. Section 812 is entitled "Revision of Defense Supplement Relating to Payment of Costs Prior to Definitization." Section 812 has been partially implemented in DFARS Case 2008-D034, and this case implements the balance of section 812, which makes the limitations on payment of costs prior to definitization of unpriced change orders applicable to all categories of undefinitized contractual actions, "including undefinitized task orders and delivery orders." The implementation is accomplished by specifically including the category of "task orders and delivery orders" in the definition of "contract action" at DFARS 217.7401.

This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

DoD does not expect that this interim rule will have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule does not impose any additional requirements on small businesses. Therefore, an initial Regulatory Flexibility Analysis has not been performed. DoD invites comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD will also consider comments from small entities concerning the existing regulations in subparts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (DFARS Case 2009-D035) in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the interim rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C., *et seq.*

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense

(DoD) that urgent and compelling circumstances exist to promulgate this interim rule without prior opportunity for public comments. This action is necessary because section 812 of the National Defense Authorization Act for Fiscal Year 2010 became effective upon enactment. The date of enactment was October 28, 2009. However, pursuant to 41 U.S.C. 418b, DoD will consider public comments received in response to this interim rule in the formation of the final rule.
