

comment on whether it should defer application of the proposed requirements for theaters with auditoriums that show analog movies exclusively. If the Department decides to defer coverage of analog auditoriums, then the number of respondents may drop. DRS estimates that all of the approximately 1,876 respondents will comply with this requirement.

Based on a review of current movie theater communications, it is estimated that an average of 10 minutes per respondent is needed to update existing notices of movie showings and times with this information. The Department acknowledges, however, that the amount of time it will take a respondent to comply with this requirement will likely vary because the amount of time necessary depends on the number of movies that the respondent is able to show at any given time.

Frequency: The Department anticipates that movie theaters will likely update their existing listings of movie showings and times to include information concerning the availability of closed movie captioning and audio description on a regular basis. The Department's research suggests that this information would only need to be updated whenever a new movie with these features is added to the schedule. This will vary as some movies stay on the schedule for longer periods of time than other movies, but the Department estimates that movie theaters will update their listings to include this information weekly. If, in the future, all movies are distributed with these features, specific notice on a movie-by-movie basis may no longer be necessary, and a movie theater may only need to advise the public that it shows movies with closed movie captioning and audio description.

6. *An estimate of the total annual public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 16,259 hours. It is estimated that respondents will take an average of 10 minutes ($\frac{1}{6}$ of an hour) to update their existing listings of movie showings and times to include this information and that such updates will occur weekly for new movies that are added to the schedule. The total annual public burden hours for disclosing this information sum to 16,258.67 hours ($1,876 \text{ respondents} \times \frac{1}{6} \text{ hours} \times 52 \text{ times a year} = 16,258 \text{ and } \frac{2}{3} \text{ hours}$). Assuming a movie theater spends 10 minutes each week to update its notices of moving showings and times to include this information, the average movie theater firm will spend 8.67 hours annually ($\frac{1}{6} \text{ hour} \times 52 \text{ times}$)

performing the necessary tasks to comply with this requirement.

If additional information is required, contact: Jerri Murray, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE., 3E.405B, Washington, DC 20530.

Dated: August 25, 2016.

Jerri Murray,

Department Clearance Officer for PRA, U.S. Department of Justice.

NUCLEAR REGULATORY COMMISSION

Advisory Committee on the Medical Uses of Isotopes: Call for Nominations

AGENCY: U.S. Nuclear Regulatory Commission

ACTION: Call for nominations.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is advertising for nominations for the position of Radiation Safety Officer on the Advisory Committee on the Medical Uses of Isotopes (ACMUI). Nominees should currently be functioning as a Radiation Safety Officer.

DATES: Nominations are due on or before October 31, 2016.

Nomination Process: Submit an electronic copy of resume or curriculum vitae to Ms. Michelle Smethers, *Michelle.Smethers@nrc.gov*. Please ensure that the resume or curriculum vitae includes the following information, if applicable: education; certification; professional association membership and committee membership activities; duties and responsibilities in current and previous clinical, research, and/or academic position(s).

FOR FURTHER INFORMATION CONTACT: Ms. Michelle Smethers, U.S. Nuclear Regulatory Commission, Office of Nuclear Material Safety and Safeguards; (301) 415-6711; *Michelle.Smethers@nrc.gov*.

SUPPLEMENTARY INFORMATION: The ACMUI Radiation Safety Officer provides advice to NRC staff on health physics issues associated with medical applications of byproduct material. This advice includes providing input on NRC proposed rules and guidance documents; providing recommendations on the training and experience of radiation safety officers; identification of medical events; evaluating non-

routine uses of byproduct material; bringing key issues in the radiation safety officer community to the attention of NRC staff; evaluating the security of byproduct material used in medical and research facilities, and other issues as they relate to radiation safety and NRC medical-use policy.

ACMUI members are selected based on their educational background, certification(s), work experience, involvement and/or leadership in professional society activities, and other information obtained in letters or during the selection process.

ACMUI members possess the medical and technical skills needed to address evolving issues. The current membership is comprised of the following professionals: (a) Nuclear medicine physician; (b) nuclear cardiologist; (c) two radiation oncologists; (d) diagnostic radiologist; (e) therapy medical physicist; (f) nuclear medicine physicist; (g) nuclear pharmacist; (h) health care administrator; (i) radiation safety officer; (j) patients' rights advocate; (k) Food and Drug Administration representative; and (l) Agreement State representative.

NRC is inviting nominations for the Radiation Safety Officer to the ACMUI. The term of the individual currently occupying this position will end September 27, 2017. Committee members currently serve a four-year term and may be considered for reappointment to an additional term.

Nominees must be U.S. citizens and be able to devote approximately 160 hours per year to Committee business. Members who are not Federal employees are compensated for their service. In addition, members are reimbursed for travel (including per diem in lieu of subsistence) and are reimbursed secretarial and correspondence expenses. Full-time Federal employees are reimbursed travel expenses only.

Security Background Check: The selected nominee will undergo a thorough security background check. Security paperwork may take the nominee several weeks to complete. Nominees will also be required to complete a financial disclosure statement to avoid conflicts of interest.

Dated at Rockville, Maryland, this 24th day of August, 2016.

For the U.S. Nuclear Regulatory Commission.

Andrew L. Bates,

Advisory Committee Management Officer.
