

DEPARTMENT OF AGRICULTURE**Forest Service****Notice of New Fee; Federal Lands Recreation Enhancement Act, (Title VIII, Pub. L. 108–447)**

AGENCY: Sumter National Forest, USDA Forest Service.

ACTION: Notice of New Fee Site.

SUMMARY: The Sumter National Forest proposes to begin charging a \$3.00 fee per vehicle per day and \$25.00 per vehicle for annual pass for the use of the FORKS Mountain Bike Trail. Continued interest in mountain bike trails, especially in this area, have shown the public's interest in this activity will be appreciated and well received. Funds derived from this fee will be used for the continued maintenance of the trail, provide cleaning of the bathrooms, provide drinking water to meet DHEC standards and maintain the trailhead. This project was made possible through a cooperative effort between the Forest Service, South Carolina Parks Recreation and Tourism, Southern Off Road Biking Association, Long Cane Trails, Michelin and Upper Savannah Land Trust.

DATES: The proposed fee would be initiated October 1, 2008. Comments, concerns or questions about this new fee must be submitted by August 11, 2008.

ADDRESS: Submit comments, concerns or questions about the new fee associated with FORKS Mountain Bike Trail to: Forest Supervisor, Sumter National Forest, 4931 Broad River Road, Columbia, SC 29212–3530.

FOR FURTHER INFORMATION CONTACT: Libby Meadows, Outdoor Recreation Planner, 864–746–6120.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VIII, Pub. L. 108–447) directed the Secretary of Agriculture to publish a six-month advance notice in the **Federal Register** whenever new recreation fee areas are established. The Sumter National Forest, Long Cane Ranger District, currently has a large mountain biking community. The Recreation Resource Advisory Committee will review consideration for a new fee at least three months prior to proposed initiation date.

Dated: February 8, 2008.

Glen Kansanback,

District Ranger, Long Cane Ranger District

DEPARTMENT OF AGRICULTURE**Natural Resources Conservation Service****Notice of Availability of a Finding of No Significant Impact (FONSI) for the Kaycee Flood Protection Project, Middle Fork Powder River Watershed, Johnson County, Wyoming**

AGENCY: Natural Resources Conservation Service (NRCS), USDA.

ACTION: Notice of availability of a Finding of No Significant Impact for the Kaycee Flood Protection Project, Middle Fork Powder River Watershed, Johnson County, Wyoming.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969; Public Law 91–190, as amended (42 U.S.C. 4321, *et seq.*), the Council on Environmental Quality Regulations (40 CFR Part 1500); and the Natural Resources Conservation Service Regulations (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an Environmental Impact Statement is not being prepared for the Kaycee Flood Protection Project, Middle Fork Powder River Watershed, Johnson County, Wyoming.

FOR FURTHER INFORMATION CONTACT: J. Xavier Montoya, State Conservationist, Natural Resources Conservation Service, 100 East B Street, Room 3124, PO Box 33124, Casper, Wyoming 82602–5011, telephone (307) 233–6750.

SUPPLEMENTARY INFORMATION: The Environmental Assessment (EA) of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the human environment. As a result of these findings, J. Xavier Montoya, State Conservationist, has determined that the preparation and review of an Environmental Impact Statement are not needed for this project.

The project purpose is flood control. The need for the recommended plan is for the protection of life and property by reducing the threat of future flooding to Kaycee's residential, business, and community structures up to a 100-year storm frequency event on the Middle Fork Powder River, Johnson County, Wyoming. The recommended plan is to construct flood control dikes, a flood wall, and strengthen some existing rock rip-rap along the north side, and dikes and grade work on the south side of the Middle Fork Powder River through the town of Kaycee, Wyoming.

The Notice of a Finding of No Significant Impact has been forwarded to the Environmental Protection Agency

and to various federal, state, county, and local agencies, and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the assessment are on file and may be reviewed by contacting J. Xavier Montoya.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

Dated: February 11, 2008.

Jay T. Mar,

Acting State Conservationist.

(This activity is listed in the Catalog of Federal Domestic Assistance under NO. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with state and local officials.)

Finding of No Significant Impact for Kaycee Flood Protection Project, Middle Fork Powder River Watershed, Johnson County, Wyoming**Introduction**

The Kaycee Flood Protection Project, Middle Fork Powder River Watershed, is a federally assisted action authorized for planning under Public Law 83–566, the Watershed Protection and Flood Prevention Act. An Environmental Assessment (EA) was undertaken in conjunction with the development of the watershed project plan. This assessment was conducted in consultation with federal, state, county, and local agencies, including section 7(a)(2) of the Endangered Species Act of 1973, as amended (50 CFR 402.13) consultation, as well as with interested organizations and individuals. Data developed during the assessment is available for public review at the following location:

U.S. Department of Agriculture, Natural Resources Conservation Service, 100 East B Street, Room 3124, P.O. Box 33124, Casper, Wyoming 82602–5011.

Recommended Action

The recommended action, Alternative 2—Dikes/Flood Wall/Relocation, will provide safety to the residents of Kaycee and protect the residential, business, and community structures from flooding of a 100-year storm frequency event. The recommended plan is to construct flood control dikes and a flood wall along the north side, and dikes and grade work on the south side of the Middle Fork Powder River through the town of Kaycee, Wyoming. There will be one property buyout and eleven structures relocated along the river to allow for the construction of the dike
