

National Environmental Policy Act (NEPA): The FWS has determined that this direct final rule is categorically excluded from further NEPA review as provided by 516 DM 2, Appendix 1.9, of the Department of the Interior National Environmental Policy Act Revised Implementing Procedures (69 FR 10866, March 8, 2004). No further documentation will be made.

Government-to-Government Relationship with Tribes: Under the President's memorandum of April 29, 1994, "Government-to-Government Relations with Native American Tribal Governments" (59 FR 22951) and 512 DM 2, we have evaluated possible effects on federally recognized Indian Tribes and have determined that there are no effects. Individual tribal members must meet the same regulatory requirements as other individuals who trade internationally in CITES species.

Energy Supply, Distribution or Use: On May 18, 2001, the President issued Executive Order 13211 on regulations that significantly affect energy supply, distribution, and use. This rule revises the current regulations in 50 CFR part 23 that implement CITES. The regulations provide procedures to assist individuals and businesses that import, export, and re-export CITES wildlife and plants, and their parts, products, and derivatives, to meet international requirements. This rule will not significantly affect energy supplies, distribution, and use. Therefore, this action is a not a significant energy action and no Statement of Energy Effects is required.

Clarity of this regulation: We are required by Executive Orders 12866 and 12988 and by the Presidential Memorandum of June 1, 1998, to write all rules in plain language. This means that each rule we publish must:

- (a) Be logically organized;
- (b) Use the active voice to address readers directly;
- (c) Use clear language rather than jargon;
- (d) Be divided into short sections and sentences; and
- (e) Use lists and tables wherever possible.

If you feel that we have not met these requirements, send us comments by one of the methods listed in the **ADDRESSES** section. To better help us revise the rule, your comments should be as specific as possible. For example, you should tell us the numbers of the sections or paragraphs that are unclearly written, which sections or sentences are too long, the sections where you feel lists or tables would be useful, etc.

Public Comments

We are seeking comments on whether the provisions in this direct final rule allow the affected public to effectively comply with CITES. You may submit your comments and materials concerning this rule by one of the methods listed in the **ADDRESSES** section. We will not accept comments sent by e-mail or fax or to an address not listed in the **ADDRESSES** section.

We will post your entire comment—including your personal identifying information—on <http://www.regulations.gov>. If you provide personal identifying information in your written comments you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so.

Comments and materials we receive, as well as supporting documentation we used in preparing this direct final rule, will be available for public inspection on <http://www.regulations.gov>, or by appointment, during normal business hours, at the U.S. Fish and Wildlife Service; Division of Management Authority; 4401 N. Fairfax Drive, Suite 212; Arlington, VA 22203; telephone, (703) 358-2093.

List of Subjects in 50 CFR Part 23

Animals, Endangered and threatened species, Exports, Fish, Foreign officials, Foreign trade, Imports, Reporting and recordkeeping requirements, Transportation, Treaties, Wildlife.

Regulation Promulgation

For the reasons given in the preamble, we amend title 50, chapter I, subchapter B of the CFR as follows:

PART 23—[AMENDED]

- 1. The authority citation for part 23 continues to read as follows:

Authority: Convention on International Trade in Endangered Species of Wild Fauna and Flora (March 3, 1973), 27 U.S.T. 1087; and Endangered Species Act of 1973, as amended, 16 U.S.C. 1531 *et seq.*

§ 23.15 [Amended]

- 2. Amend § 23.15(c)(3)(i), the first entry in the table, by removing the words "250 gm" in the Quantity column and by adding in their place the words "125 gm."
- 3. Amend § 23.71(d) by removing paragraph (d)(4) and revising paragraphs (d)(1), (d)(2), and (d)(3) to read as follows:

§ 23.71 How can I trade internationally in sturgeon caviar?

* * * * *

(d) * * *

(1) The relevant countries have established annual export quotas for the shared stocks that were derived from catch quotas agreed among the countries. The quotas are based on an appropriate regional conservation strategy and monitoring regime and are not detrimental to the survival of the species in the wild.

(2) The quotas have been communicated to the CITES Secretariat and the Secretariat has communicated the annual export quotas to CITES Parties.

(3) The caviar is exported during the quota year (March 1 – last day of February) in which it was harvested and processed.

50 CFR Part 648

[Docket No. 070717340-8451-02]

RIN 0648-XJ06

Fisheries of the Northeastern United States; Atlantic Mackerel, Squid, and Butterfish Fisheries; Closure of the Trimester II Fishery for *Loligo* Squid

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS announces that the directed fishery for *Loligo* squid in the Exclusive Economic Zone (EEZ) will be closed effective 0001 hours, July 17, 2008. Vessels issued a Federal permit to harvest *Loligo* squid may not retain or land more than 2,500 lb (1,134 kg) of *Loligo* squid per trip for the remainder of the trimester (through August 31, 2008). This action is necessary to prevent the fishery from exceeding its Trimester II quota and to allow for effective management of this stock.

DATES: Effective 0001 hours, July 17, 2008, through 2400 hours, August 31, 2008.

FOR FURTHER INFORMATION CONTACT: Don Frei, Fishery Management Specialist, 978-281-9221, Fax 978-281-9135.

SUPPLEMENTARY INFORMATION:

Regulations governing the *Loligo* squid fishery are found at 50 CFR part 648. The regulations require specifications for maximum sustainable yield, initial optimum yield, allowable biological catch, domestic annual harvest (DAH), domestic annual processing, joint venture processing, and total allowable levels of foreign fishing for the species managed under the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan. The procedures for setting the annual initial specifications are described in § 648.21.

The 2008 specification of DAH for *Loligo* squid was set at 16,977 mt (73 FR 18443, April 4, 2008). This amount is allocated by trimester, as shown below.

TABLE 1. *Loligo* SQUID TRIMESTER ALLOCATIONS.

Quarter	Per-cent	Metric Tons ¹	Research Set-aside (mt)
I (Jan–Apr)	43	7,300	N/A
II (May–Aug)	17	2,886	N/A
III (Sep–Dec)	40.	6,791	N/A

TABLE 1. *Loligo* SQUID TRIMESTER ALLOCATIONS.—Continued

Quarter	Per-cent	Metric Tons ¹	Research Set-aside (mt)
Total	100	16,997	23

¹ Trimester allocations after 23–mt research set-aside deduction.

Section 648.22 requires NMFS to close the directed *Loligo* squid fishery in the EEZ when 90 percent of the trimester allocation is harvested in Trimesters I and II, and when 95 percent of the total annual DAH has been harvested in Trimester III. NMFS is further required to notify, in advance of the closure, the Executive Directors of the Mid-Atlantic, New England, and South Atlantic Fishery Management Councils; mail notification of the closure to all holders of *Loligo* squid permits at least 72 hR before the effective date of the closure; provide adequate notice of the closure to recreational participants in the fishery; and publish notification of the closure in the **Federal Register**. The

Administrator, Northeast Region, NMFS, based on dealer reports and other available information, has determined that 90 percent of the DAH for *Loligo* squid in Trimester II will be harvested. Therefore, effective 0001 hours, July 17, 2008, the directed fishery for *Loligo* squid is closed and vessels issued Federal permits for *Loligo* squid may not retain or land more than 2,500 lb (1,134 kg) of *Loligo* during a calendar day. The directed fishery will reopen effective 0001 hours, September 1, 2008, when the Trimester III quota becomes available.

Classification

This action is required by 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 11, 2008.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
