The purpose of this information collection is to maintain OMB approval of a certification requirement for portable GMPCS transceivers to prevent interference, reduce radio-frequency ("RF") radiation exposure risk, and make regulatory treatment of portable GMPCS transceivers consistent with treatment of similar terrestrial wireless devices, such as cellular phones.

The Commission is requiring that applicants obtain authorization for the equipment by submitting an application and exhibits, including test data. If the Commission did not obtain such information, it would not be able to ascertain whether the equipment meets the FCC's technical standards for operation in the United States. Furthermore, the data is required to ensure that the equipment will not cause catastrophic interference to other telecommunications services that may impact the health and safety of American citizens.

Federal Communications Commission.
