Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief from the requirements of 49 CFR part 236, as detailed below.

Docket Number FRA-2009-0030

Applicant: CSX Transportation, Mr. C.M. King, Chief Engineer,

Communications and Signals, 500 Water Street, Jacksonville, FL 32202.

The CSX Transportation (CSXT) would like to respectfully request a waiver to the portion of 49 CFR 236.303 requiring portable derails to be connected to the signal system. Due to the current economic downturn, CSXT has found it necessary to use main, siding, and auxiliary tracks to facilitate the storing of cars. Cars and equipment are being stored in accordance with 49 CFR 232.103. The railroad also feels that the placing of portable derails on these tracks will increase the security of these cars that are being stored for an undetermined length of time.
