Petition for Exemption

Docket No.: FAA-2022-0553.

Petitioner: Trans Executive Airlines of Hawaii d/b/a Transair Express.

Section(s) of 14 CFR Affected: § 60.17.

Description of Relief Sought: Transair Express and several other operators continue to operate the SD3-60 aircraft, but there is only one remaining SD3-60 flight simulator in operation. Once withdrawn from operation, and without a suitable FAA-certified simulator available, FAA-certified SD3-60 operators would be forced to conduct required flight crew training onboard aircraft during flights. This situation would negatively impact aviation safety, increase public risk, and ultimately degrade readiness for U.S. and allied military customers. Transair Express therefore seeks an exemption from certain requirements of 14 CFR part 60 to enable the continuing qualification of the SD3-60 flight simulator and an extension of the time period allowed to requalify the simulator to March 31,

2023. The grant of this exemption will allow Transair Express and other SD3-60 operators to continue to provide training for their flight crews and provide access to training to other FAA-certified Shorts SD3-60 operators.
