

members that voluntarily select these service options will be afforded the waiver of fees until May 31, 2012. All Exchange members have the option to select these voluntary co-location services.

#### Not Unfairly Discriminatory

The Exchange also believes the proposal to waive the 10Gb and 40Gb fiber connection installation fee is not unfairly discriminatory in that the waiver of fees is provided to all NASDAQ members that volunteer for these particular service options, and there is no differentiation among members with regard to the waiver of fees for these options.

#### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

#### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>11</sup> and Rule 19b-4(f)(6) thereunder.<sup>12</sup>

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because such waiver will facilitate trading activities by providing members an option to enhance the efficiency of their trading through the 40Gb connectivity. Therefore, the

Commission designates the proposal operative upon filing.<sup>13</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

#### Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-NASDAQ-2012-028 on the subject line.

#### Paper Comments

### SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-66431; File No. SR-NASDAQ-2012-026]

#### Self-Regulatory Organizations; NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Listing of Strike Prices

February 21, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that, on February 13, 2012, The NASDAQ Stock Market LLC ("NASDAQ" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as constituting a non-controversial rule change under Rule 19b-4(f)(6) under the Act,<sup>3</sup> which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The NASDAQ Stock Market LLC proposes to amend Chapter IV, Section 6 (Series of Options Open for Trading) to permit the listing of strike prices in \$0.50 intervals where the strike price is less than \$75, and of strike prices in \$1.00 intervals where the strike price is

<sup>12</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

<sup>13</sup> For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

between \$75 and \$150 for option series used to calculate volatility indexes.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

The purpose of this filing is to amend Chapter IV, Section 6 to permit the listing of strike prices in \$0.50 intervals where the strike price is less than \$75, and of strike prices in \$1.00 intervals where the strike price is between \$75 and \$150 for option series used to calculate volatility indexes.

The proposal permits the listing of strike prices in \$0.50 intervals and \$1.00 intervals within specified strike price ranges for option series used to calculate volatility indexes. Volatility indexes are calculated and disseminated by the Chicago Board Options Exchange ("CBOE"), which also lists options on the resulting index.<sup>4</sup> At this time, the Exchange has no intention of listing volatility options or selecting options on any equity securities, Exchange-Traded Fund Shares, Trust Issued Receipts, Exchange Traded Notes, Index-Linked Securities, or indexes to be the basis of a volatility index. To the extent that CBOE or another exchange selects a multiply-listed product as the basis of a volatility index, proposed Chapter IV, Section 6 would permit the Exchange to list and compete in all series listed by

<sup>4</sup> For example, CBOE calculates the CBOE Gold ETF Volatility Index ("GVZ"), which is based on the VIX methodology applied to options on the SPDR Gold Trust ("GLD"). The current filing would permit \$0.50 strike price intervals for GLD options where the strike price is \$75 or less. The Exchange is currently permitted to list strike prices in \$1 intervals for GLD options (where the strike price is \$200 or less), as well as for other exchange-traded fund ("ETF") options. See Chapter IV, Section 6.

the CBOE or another Exchange for purposes of calculating a volatility index.

The Exchange has analyzed its capacity and represents that it believes the Exchange and the Options Price Reporting Authority ("OPRA") have the necessary systems capacity to handle the additional traffic associated with the listing of strike prices in \$0.50 intervals where the strike price is less than \$75, and strike prices in \$1.00 intervals where the strike price is between \$75 and \$150 for option series used to calculate volatility indexes in securities selected by the CBOE or another exchange.

#### 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act<sup>5</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act<sup>6</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system, by allowing the Exchange to offer a full range of all available option series in a given class, including those selected by other exchanges to be the basis of a volatility index.

While this proposal may potentially generate additional quote traffic, the Exchange does not believe that this increased traffic will become unmanageable since the proposal is restricted to a limited number of classes. Further, the Exchange does not believe that the proposal will result in a material proliferation of additional series because it is restricted to a limited number of classes.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

<sup>5</sup> 15 U.S.C. 78f(b).

<sup>6</sup> 15 U.S.C. 78f(b)(5).

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>7</sup> and Rule 19b-4(f)(6) thereunder.<sup>8</sup>

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because the proposal is substantially similar to those of another exchange that has been approved by the Commission that permits such exchange to allow trading for options series used to calculate volatility indexes at \$0.50 strike price intervals where the strike price is less than \$75 and at \$1.00 intervals where the strike price is between \$75 and \$150 for options series.<sup>9</sup> Therefore, the Commission designates the proposal operative upon filing.<sup>10</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

<sup>7</sup> 15 U.S.C. 78s(b)(3)(A).

In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

**SECURITIES AND EXCHANGE COMMISSION**

**[Release No. 34-66430; File No. SR-Phlx-2011-178]**

**Self-Regulatory Organizations;  
NASDAQ OMX PHLX LLC; Order  
Approving Proposed Rule Change  
Relating to Stock Execution Clerks**

February 21, 2012.

On December 20, 2011, NASDAQ OMX PHLX LLC ("Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to eliminate the stock execution clerk registration category from the Exchange's rules. The proposed rule change was published for comment in the **Federal Register** on January 9, 2012.<sup>3</sup> The Commission received no comments on the proposal.

The purpose of the proposed rule change is to eliminate the category of stock execution clerk from the Exchange's rules. Exchange Rule 1090 currently defines a stock execution clerk as any clerk other than a specialist clerk on the Exchange trading floor who functions as an intermediary in a transaction (i) consummated on the Exchange; (ii) entered verbally for execution other than on the Exchange; or (iii) entered into a third party system designed to execute transactions other than on the Exchange.<sup>4</sup> A stock execution clerk is intended to provide a service to Exchange members on the Options Floor by accepting orders for the purchase and sale of securities underlying options transactions. Once such orders are accepted, the stock execution clerk forwards such orders to the appropriate marketplace for execution. According to the Exchange, the transactions executed are typically hedging transactions in underlying stocks for Exchange specialists and Registered Options Traders.

The Exchange has represented that this registration capacity is outdated and no longer necessary. According to the Exchange, the function of a stock execution clerk has become largely automated, as transactions that were handled by stock execution clerks now take place off-floor and mostly occur electronically. As such, the type of business conducted by stock execution clerks is not conducted on the

Exchange's trading floor today. The Exchange stated that there are not currently any registered stock execution clerks on the Exchange, and there have not been for some time.

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange<sup>5</sup> and, in particular, the requirements of Section 6(b)(5) of the Act.<sup>6</sup> Specifically, the Commission finds that the proposed rule change is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The proposal will eliminate the stock execution clerk registration category from the Exchange's rules. There are no clerks currently registered as a stock execution clerks on the Exchange's trading floor, and there have not been for some time. Given that there are currently no stock execution clerks registered with the Exchange, and that transactions that were previously handled by stock execution clerks now take place off-floor and mostly occur electronically, this registration category is no longer necessary. As such, deleting this category of clerks is reasonably designed to provide clarity to members, and to keep the Exchange's rules updated. For the foregoing reasons, the Commission believes that the proposed rule change is consistent with the Act.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,<sup>7</sup> that the proposed rule change (SR-Phlx-2011-178) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>8</sup>
