AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: Under the National Environmental Policy Act (NEPA), we, the Fish and Wildlife Service (Service), announce the availability of the final Environmental Impact Report (EIR)/Environmental Impact Statement (EIS) on the application from the San Diego County Water Authority (Water Authority; Applicant) for an incidental take permit under section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). We also announce the availability of the Water Authority's Subregional Natural Community Conservation Program/Habitat Conservation Plan (NCCP/HCP), which the applicant has submitted with their incidental take permit application and Implementing Agreement (IA). If issued, the permit would authorize incidental take of species for a 55-year term during construction, operations, and maintenance activities by the Applicant in San Diego and Riverside Counties, California.

DATES: A record of decision will be signed no sooner than 30 days after the publication of the Environmental Protection Agency (EPA) notice of the Final EIS in the **Federal Register**. We must receive any comments by 5 p.m. on March 7, 2011.

ADDRESSES: Send comments by U.S. mail to Mr. Jim Bartel, Field Supervisor, at Carlsbad Fish and Wildlife Office, 6010 Hidden Valley Road, Suite 101, Carlsbad, CA 92011; or by facsimile to (760) 431-5902.

FOR FURTHER INFORMATION CONTACT:

Ms. Karen A. Goebel, Assistant Field Supervisor, at the Carlsbad Fish and Wildlife Office address above; or telephone (760) 431-9440.

SUPPLEMENTARY INFORMATION: We advise the public of the availability of the final EIR/EIS on the application from Water Authority for an incidental take permit. We also announce the availability of the Water Authority Subregional Natural Community Conservation Program/Habitat Conservation Plan (NCCP/HCP), which the applicant has submitted with their incidental take permit application and Implementing Agreement (IA).
