SUPPLEMENTARY INFORMATION:

Comments Invited

The proposed policy statement is available on the Internet at the following address: <<http://www.faa.gov/avr/air/>

[ane/ane110/hpage.htm](#)>. If you do not have access to the Internet, you may request a copy by contacting the individual listed under **FOR FURTHER INFORMATION CONTACT**. The FAA invites interested parties to comment on the proposed policy. Comments should identify the subject of the proposed policy and be submitted to the address specified under **FOR FURTHER INFORMATION CONTACT**. The FAA will consider all comments received by the closing date before issuing the final policy.

Background

This policy would provide guidance for § 33.17 of Title 14 of the Code of Federal Regulations, Fire prevention. The proposed policy, which would apply to all types of aircraft engines governed by § 33.17, would discuss what might be considered acceptable engine fuel leakage of a sealing device or assembly of engine components. The proposed policy would not establish new requirements.
