SUPPLEMENTARY INFORMATION: RBCS published a Notice of Solicitation of Applications for the Rural Economic Development Loan and Grant Programs for FY 2025 on August 23, 2024, (89 FR 68133) Section B states that: “The Agency anticipates the following maximum amounts per award: Loans—\$2,000,000; Grants—\$300,000.”

Based on the total amount of loan applications submitted in FY 2024 far exceeding the available allocated funds and the number of submitted but unfunded applications that will be competing for funding in the First Quarter of FY 2025, the Agency has determined that lowering the maximum loan amount to \$1 million for the Second, Third, and Fourth Quarter application periods would allow for additional project opportunities and a broader geographic distribution of Program funding.

The following are the deadlines for FY 2025 complete loan applications to be received in the USDA Rural Development State Office no later than 4:30 p.m. (local time): Second Quarter, December 31, 2024; Third Quarter, March 31, 2025; and Fourth Quarter, June 30, 2025. Completed loan applications that exceed \$1 million but are not funded in the FY 2025 First Quarter competition will be allowed to compete for Second Quarter funding with the submission of a revised scope of work plan and budget for a loan amount not to exceed \$1 million.

Administrator, Rural Business-Cooperative Service, USDA Rural Development.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Economic Development Administration (EDA) leads the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. Guided by the basic principle that sustainable economic development should be locally-driven, EDA works directly with

communities and regions to help them build the capacity for economic development based on local business conditions and needs. The Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. 3121 *et seq.*) is EDA's organic authority and is the primary legal authority under which EDA awards financial assistance. Under PWEDA, EDA provides financial assistance to both rural and urban distressed communities by fostering entrepreneurship, innovation, and productivity through investments in infrastructure development, capacity building, and business development to attract private capital investments and new and better jobs to regions experiencing economic distress. Further information on EDA programs and financial assistance opportunities can be found at www.eda.gov.

To effectively administer and monitor its economic development assistance programs, EDA collects certain information from applications for, and recipients of, EDA investment assistance. The purpose of this notice is to seek comments from the public and other Federal agencies on a request for an extension of an information collection related to a Comprehensive Economic Development Strategy (CEDs). A CEDs emerges from a continuing planning process developed and driven by a public sector planning organization by engaging a broad-based and diverse set of stakeholders to address the economic problems and potential of a region. The CEDs should include information about how and to what extent stakeholder input and support was solicited. Information on how the planning organization collaborated with its diverse set of stakeholders (including the public sector, private interests, non-profits, educational institutions, and community organizations) in the development of the CEDs should be included. In accordance with 13 CFR 303.7(b), a CEDs must contain a summary background, a SWOT (Strengths, Weaknesses, Opportunities, and Threats) Analysis, Strategic Direction/Action Plan, and an Evaluation Framework. In addition, the CEDs must incorporate the concept of economic resilience (*i.e.*, the ability to avoid, withstand, and recover from economic shifts, natural disasters, etc.). A CEDs is required for an eligible applicant to qualify for an EDA investment assistance under EDA's Public Works program, Economic Adjustment Assistance program, and certain planning programs, and is a prerequisite for a region's designation

by EDA as an Economic Development District (see 13 CFR part 303, 13 CFR 305.2, and 13 CFR 307.2). EDA collects information under this information collection to ensure compliance with EDA’s CEDS requirements.

This information collection is scheduled to expire on January 31, 2025. EDA is not proposing any changes to the current information collection request.

II. Method of Collection

CEDS are collected primarily through electronic submissions but may also be collected through paper submission.
