**Marseilles Land and Water Company;
Marseilles Lock and Dam Project;
Notice of Proposed Restricted Service
List for a Programmatic Agreement for
Managing Properties Included in or
Eligible for Inclusion in the National
Register of Historic Places**

June 22, 2010.

Rule 2010 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding.¹ The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or issue in the proceeding for which the list is established.

The Commission staff is consulting with the Illinois State Historic Preservation Officer (hereinafter, "Illinois SHPO") and the Advisory Council on Historic Preservation, pursuant to section 106 of the National Historic Preservation Act² and its implementing regulations,³ to develop and execute a programmatic agreement for managing properties included in, or eligible for inclusion in, the National Register of Historic Places at the Marseilles Lock and Dam Project.

The programmatic agreement, when executed by the Commission and the Illinois SHPO, would satisfy the Commission's section 106 responsibilities for all individual undertakings carried out in accordance with the license until the license expires or is terminated (36 CFR 800.13[e]). The Commission's responsibilities, pursuant to section 106 for the Marseilles Lock and Dam Project, would be fulfilled through the programmatic agreement, which the Commission staff proposes to develop in consultation with the interested participants listed below. The executed programmatic agreement would be incorporated into any order issuance.

Marseilles Land and Water Company, as applicant for the Marseilles Lock and Dam Project, is invited to participate in the consultation to develop the

programmatic agreement. For the purpose of commenting on the programmatic agreement, we propose to restrict the service list for the proposed project as follows:

John Fowler, Executive Director,
Advisory Council on Historic
Preservation, The Old Post Office
Building, 1100 Pennsylvania Avenue,
NW., Suite 803, Washington, DC
20004.

Anne Haaker, Deputy SHPO, Illinois

Ronald Deiss, Rock Island District, U.S.
Department of Army Corps of
Engineers, Clock Tower Building, P.O.

2002.

Lee W. Mueller, Vice President,
Marseilles Land and Water Company,
4132 S. Rainbow Blvd., #247, Las
Vegas, NV 89103.

Any person on the official service list for the above-captioned proceeding may request inclusion on the restricted service list, or may request that a restricted service list not be established, by filing a motion to that effect within 15 days of this notice date. In a request for inclusion, please identify the reason or reasons why there is an interest to be included. Also, please identify any concerns about historic properties, including properties of traditional religious and cultural importance to a Federally recognized Tribe or Tribal corporation that has an affiliation to the area. If historic properties are identified within the motion, please use a separate page, and label it **NON-PUBLIC INFORMATION**.

The original and eight copies of any such motion must be filed with Kimberly D. Bose, Secretary of the Commission, 888 First Street, NE., Washington, DC 20426, and must be served on each person whose name appears on the official service list. Please put the following on the first page: Marseilles Lock and Dam Project No. 13351-000. Motions may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

If no such motions are filed, the restricted service list will be effective at the end of the 15 day period. Otherwise, a further notice will be issued ruling on

any motion or motions filed within the 15-day period.

Kimberly D. Bose,
Secretary.

Title: National Volatile Organic Compound Emission Standards for Automobile Refinish Coatings (Renewal).

ICR Numbers: EPA ICR Number 1765.06, OMB Control Number 2060-0353.

ICR Status: This ICR is scheduled to expire on June 30, 2010. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in Title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in

the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The EPA is required under section 183(e) of the Clean Air Act to regulate volatile organic compound emissions from the use of consumer and commercial products. Pursuant to section 183(e)(3), the EPA published a list of consumer and commercial products and a schedule for their regulation (60 FR 15264). Automobile refinishing coatings were included on the list, and the standards for such coatings are codified at 40 CFR part 59, subpart B. The reports required under the standards enable EPA to identify all coating and coating component manufacturers and importers in the United States and to determine which coatings and coating components are subject to the standards, based on dates of manufacture.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average four hours per response. Burden means the total time, effort or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Manufacturers and importers of automobile refinishing coatings and coating components.

Estimated Number of Respondents: 4.

Frequency of Response: On occasion.

Estimated Total Annual Hour Burden: 14.

Estimated Total Annual Cost: \$1,038, includes \$0 annualized capital or operations and maintenance costs.

Changes in the Estimates: There is no change in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens.

Dated: June 23, 2010.

John Moses,

Director, Collection Strategies Division.
