

subsequent corporate restructuring described above, and in accordance with 19 CFR 351.221(c)(3)(i), we have made two preliminary successor-in-interest determinations.

1. Evotape S.p.A Was the Successor-In-Interest to Tyco

Our first preliminary successor-in-interest determination is that Evotape S.p.A was the successor-in-interest to Tyco. Evotape Packaging submitted documentation to demonstrate that Evotape S.p.A acquired Tyco in May 2005 (see Evotape Packaging's July 27, 2009, submission at Exhibit 1). Evotape Packaging also provided information pertaining to changes in management, production, suppliers, and customers that occurred after Evotape S.p.A. acquired Tyco. The information indicated that, except for three changes in management and some minor changes in customers, the company's business operations had not been substantially affected by the change in ownership (see November 24, 2009, response). Thus, we preliminary find that in May 2005, Evotape S.p.A. became the successor-in-interest to Tyco, because the changes in management and customers that took place after Tyco's acquisition by Evotape S.p.A. did not alter the production or business operations of the company.

2. Evotape Packaging and Evotape Masking are Successors-In-Interest to Evotape S.p.A

For our second preliminary successor-in-interest determination, we find that both Evotape Packaging and Evotape Masking are successors-in-interest to Evotape S.p.A. Evotape Packaging submitted copies of the documents that established Evotape Packaging and Evotape Masking as separate wholly-owned subsidiaries of Evotape S.p.A in December 2007 (see November 24, 2009, response at Exhibit 1). Evotape Packaging also provided information indicating that, while some minor changes in business operations occurred after the companies' transition from production units to formal companies, they continued to operate essentially as they did as production units under Evotape S.p.A. Specifically, the restructuring resulted in the reallocation of duties among managers, and a slight reduction in the number of employees at both companies. The companies also experienced slight changes to their supplier and customer lists, but maintained their top supplier and customer relationships. Evotape Packaging added two products to its product mix, but the two companies

continued to use the same separate production facilities that they used as production units under Evotape S.p.A. (see November 24, 2009, response). Moreover, the ownership of the two entities remains essentially the same as both companies are wholly-owned subsidiaries of Evotape S.p.A. Because both companies continue to operate essentially as they did as production units of Evotape S.p.A., after the December 2007, restructuring, irrespective of the minor changes described above, we preliminary find that in December 2007, both Evotape Packaging and Evotape Masking became the successors-in-interest to Evotape S.p.A. for purposes of determining antidumping liability.

In conclusion, as a result of both of these determinations, we preliminary find that Evotape Packaging and Evotape Masking should receive Tyco's antidumping duty cash deposit rate with respect to the subject merchandise (i.e., 0.00 percent). If the above preliminary results are affirmed in the Department's final results, the cash deposit rate resulting from this changed circumstances review will apply to all entries of the subject merchandise from Evotape Packaging and Evotape Masking entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this changed circumstances review. See *Granular Polytetrafluoroethylene Resin from Italy Final Results of Antidumping Duty Changed Circumstances Review*, 68 FR 25327 (May 12, 2003).

Public Comment

Interested parties are invited to comment on these preliminary results. Written comments may be submitted no later than 14 days after the date of publication of these preliminary results. Rebuttals to written comments, limited to issues raised in such comments, may be filed no later than 21 days after the date of publication of this notice. All written comments shall be submitted in accordance with 19 CFR 351.303. Any interested party may request a hearing within 14 days of publication of this notice. Any hearing, if requested, will be held no later than 30 days after the date of publication of this notice, or the first workday thereafter. Persons interested in attending the hearing, if one is requested, should contact the Department for the date and time of hearing. In accordance with 19 CFR 351.216(e), the Department will issue the final results of this antidumping duty changed circumstances review no later than 270 days after the date on which this review was initiated, or

within 45 days if all parties agree to our preliminary results.

During the course of this antidumping duty changed circumstances review, cash deposit requirements for the subject merchandise produced and exported by Evotape Packaging and Evotape Masking will continue to be the all-others rate established in the investigation. See *Pressure Sensitive Plastic Tape From Italy; Determination of Injury or Likelihood Thereof*, 42 FR 44853 (September 7, 1977). The cash deposit rate requirement for Evotape Packaging and Evotape Masking will be altered, if warranted, pursuant only to the final results of this review.

We are issuing and publishing these preliminary results and notice in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Act and 19 CFR 351.216 and 351.221(c)(3).
