SUPPLEMENTARY INFORMATION:

A. Background

This rule proposes to add a new DFARS subpart and a contract clause to implement Section 1008 of the National Defense Authorization Act for Fiscal Year 2001 (Public Law 106-398).

Section 1008 provides that—

- Contractors must submit electronically, and DoD must process electronically, requests for payment under DoD contracts;
- DoD must transmit any supporting documentation electronically within DoD;
- The Secretary of Defense may exempt cases in any category if the Secretary determines that the requirement for using electronic means for submitting or transmitting payment requests is unduly burdensome; and
- This requirement shall apply to contracts for which solicitations are issued after June 30, 2001. DoD may delay implementation if the Secretary of Defense makes a finding that it is impracticable to implement this requirement by June 30, 2001, and publishes such notice in the **Federal Register**. In no event may implementation be delayed to a date after October 1, 2002.

Consistent with Section 1008(b) of the Defense Authorization Act, DoD submitted a plan to Congress describing how Section 1008 would be implemented. On August 21, 2001, DoD published a notice in the **Federal Register** (66 FR 43841) which announced a delay in implementation of Section 1008 until October 1, 2002.

This proposed DFARS rule—

- Requires contractors to submit requests for contract financing and invoice payments in electronic form;

- Requires DoD officials receiving payment requests in electronic form to process the payment requests and supporting documentation in electronic form;

- Identifies three acceptable electronic forms for transmission of payment requests. The rule also permits the contracting officer to authorize the contractor to use another electronic form, with the concurrence of the payment office and the contract administration office; and

- Identifies exemption categories being considered by DoD. The Director of Defense Procurement intends to process a request for the Secretary of Defense to approve exemptions for the categories identified in the rule.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because any start-up costs that contractors will incur to comply with the rule are expected to be minimal, and should be offset by the reduced administrative costs that are expected to result from the electronic submission and processing of invoices. In addition, the rule provides for an exemption to the requirement for electronic submission in cases where the requirement would be unduly burdensome. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2002-D001.

C. Paperwork Reduction Act

This rule does not impose any additional information collection requirements that require the approval of the Office of Management and Budget (OMB) under 44 U.S.C. 3501, *et seq.* The information collection requirements for contractors to provide non-electronic payment requests already have been approved by OMB as indicated below:

FAR clause No.	Clause title	OMB control No.	Expiration date
52.216-7	Allowable Cost and Payment	9000-0069	June 30, 2002.
