BILLING CODE 8011-01-P**SECURITIES AND EXCHANGE COMMISSION****[OMB Control No. 3235-0121]****Proposed Collection; Comment Request; Extension: Form 18—Registration Form**

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments

on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Form 18 (17 CFR 249.218) is a registration form that can be used by a foreign government or political subdivision thereof to register securities for listing on a U.S. exchange. The information collected is intended to provide U.S. investors in relevant foreign government securities with material information concerning those securities and the foreign government registrant so that investors can make informed investment decisions.

We estimate that Form 18 takes approximately 8 hours per response and that approximately 5 responses are made annually. We derived our burden hour estimate by estimating the average number of hours it would take a foreign government or political subdivision thereof to compile the necessary information and data, prepare and review the disclosure, file documents, and retain records. We estimate that 100% of the burden is carried out internally by the foreign government or political subdivision thereof. Based on our estimates, we calculate the total reporting burden to be 40 hours annually ((8 hours per response × 100%) × 5 responses annually).

Written comments are invited on: (a) whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication by June 9, 2025.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Please direct your written comment to Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Rutenberg, 100 F Street NE, Washington, DC 20549 or send an email to: *PaperworkReductionAct@sec.gov*.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–102761; File No. SR–NYSETEX–2025–01]

Self-Regulatory Organizations; NYSE Texas, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Fee Schedule of NYSE Texas, Inc.

April 2, 2025.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (“Act”) ² and Rule 19b–4 thereunder, ³ notice is hereby given that, on April 1, 2025, the NYSE Texas, Inc. (“NYSE Texas” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Fee Schedule of NYSE Texas, Inc. (the “Fee Schedule”) to increase existing credits applicable to certain Exchange members. The Exchange proposes to implement the fee changes effective April 1, 2025. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to increase existing credits applicable to certain Exchange members. Specifically, the Exchange proposes to amend Section F.2 of the Fee Schedule to increase the Transaction Fee Credit and the Clearing Submission Fee Credit applicable to Clearing Brokers. The Exchange proposes to implement the fee changes effective April 1, 2025.

Background

The Exchange operates in a highly competitive market. The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation National Market System (“NMS”), the Commission highlighted the importance of market forces in determining prices and Self-Regulatory Organizations (“SRO”) revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.” ⁴

While Regulation NMS has enhanced competition, it has also fostered a “fragmented” market structure where trading in a single stock can occur across multiple trading centers. When multiple trading centers compete for order flow in the same stock, the Commission has recognized that “such competition can lead to the fragmentation of order flow in that stock.” ⁵ Indeed, equity trading is currently dispersed across 16 exchanges, ⁶ numerous alternative trading systems, ⁷ and broker-dealer internalizers and wholesalers, all competing for order flow. Based on publicly available information, no single exchange currently has more than 20%
