

## FINDING OF NO SIGNIFICANT IMPACT—Continued

Finding of No Significant Impact .....	The proposed action does not require changes to the ISFSI's licensed routine operations, maintenance activities, or monitoring programs, nor does it require new construction or land-disturbing activities. The scope of the proposed action concerns only the NRC's review and approval of Entergy's initial and updated DFPs. The scope of the proposed action does not include, and will not result in, the review and approval of decontamination or decommissioning activities or license termination for the ISFSI or for other parts of Vermont Yankee Nuclear Power Station. Therefore, the NRC staff determined that approval of the initial and updated DFPs for the Vermont Yankee ISFSI will not significantly affect the quality of the human environment, and accordingly, the staff has concluded that a FONSI is appropriate. The NRC staff further finds that preparation of an environmental impact statement (EIS) is not required.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–91510; File No. SR–NYSEAMER–2021–20]

### Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend the NYSE American Options Fee Schedule

Pursuant to Section 19(b)(1) <sup>1</sup> of the Securities Exchange Act of 1934 (the “Act”) <sup>2</sup> and Rule 19b–4 thereunder, <sup>3</sup> notice is hereby given that, on April 8, 2021, NYSE American LLC (“NYSE American” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in

Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE American Options Fee Schedule (“Fee Schedule”) regarding the Professional Step-Up Incentive program. The Exchange proposes to implement the fee change effective April 8, 2021.<sup>4</sup> The proposed rule change is available on the Exchange’s website at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The purpose of this filing is to modify the Fee Schedule regarding the Professional Step-Up Incentive program (the “Step-Up Incentive”) <sup>5</sup> and correct a typographical error.<sup>6</sup>

The Exchange proposes to implement the rule change on April 8, 2021.

The Exchange has established various pricing incentives designed to encourage increased Electronic volume executed on the Exchange, including (but not limited to) the American Customer Engagement (“ACE”) Program <sup>7</sup> and the Step-Up Incentive.

<sup>4</sup> The Exchange originally filed to amend the Fee Schedule on April 1, 2021 (SR–NYSEAmer–2021–18) and withdrew such filing on April 8, 2021 to make a clarifying change to the proposed Fee Schedule, set forth in the instant filing.

<sup>5</sup> See Fee Schedule, Section I.H.

<sup>6</sup> The Exchange proposes a non-substantive change to delete an extraneous word in Section I.H., which would improve the clarity of the Fee Schedule. See proposed Fee Schedule, Section I.H.

<sup>7</sup> See Fee Schedule, Section I.E.

While the ACE Program is limited to Electronic Customer volume, the Step-Up Incentive is limited to Electronic Professional <sup>8</sup> volume. The Exchange proposes to modify certain volume exclusions and qualifying criteria for the Step-Up Incentive to continue to encourage greater Electronic Professional volume and, specifically, to continue to incentivize increased Electronic Professional volume. To the extent that the modifications succeed, the increased liquidity on the Exchange would result in enhanced market quality for all participants.

Currently, the Step-Up Incentive program provides that ATP Holders who increase their monthly Electronic Professional volume by specified percentages of TCADV over their August 2019 volume or, for new ATP Holders, that increase Electronic Professional volume by the specified percentages of TCADV above a base level of 10,000 contracts ADV (the “Qualifying Volume”), will qualify for certain reduced transaction rates on Electronic Professional volume, as well as credits on Electronic Customer volume at Tier 1 of the ACE program.

The Exchange proposes to modify the Step-Up Incentive program to (1) exclude an additional category of volume from the calculations of base volume amounts and Qualifying Volume, and (2) revise the Qualifying Volume percentages for Tiers A and B.

Currently, volumes from Strategy Executions, CUBE Auctions, and QCC Transactions are excluded from the calculation of base volume amounts and Qualifying Volume. The Exchange proposes to further specify that volume from interest that takes liquidity from posted Customer interest would also be excluded for purposes of calculating base volume amounts and Qualifying Volume for the Step-Up Incentive, as such Customer interest is eligible for discounted rates and credits under other programs set forth in the Exchange’s Fee Schedule.<sup>9</sup>

The Step-Up Incentive program includes two tiers that ATP Holders can qualify for based on Qualifying Volume as a percentage of TCADV. The Exchange proposes to increase the qualification for Tier A from 0.12% of TCADV to 0.20% of TCADV and for Tier B from 0.15% of TCADV to 0.25% of TCADV. This proposed change is shown in the table below, with to-be-deleted

<sup>8</sup> For purposes of this filing, Electronic “Professional” volume includes Electronic volume in the Professional Customer, Broker Dealer, Non-NYSE American Options Market Maker, and Firm ranges.
