[30Day–18–0314]

#### **Agency Forms Undergoing Paperwork Reduction Act Review**

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled National Survey of Family Growth (NSFG) to the Office of Management and Budget (OMB) for review and approval. CDC previously published a “Proposed Data Collection Submitted for Public Comment and Recommendations” notice on December 26, 2017 to obtain comments from the public and affected agencies. CDC received four comments related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the

use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639–7570 or send an email to [omb@cdc.gov](mailto:omb@cdc.gov). Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395–5806. Provide written comments within 30 days of notice publication.

#### **Proposed Project**

The National Survey of Family Growth (NSFG)(OMB Control Number 0920–0314, Expiration Date 05/31/2018)—Revision—National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC).

#### **Background and Brief Description**

Section 306 of the Public Health Service (PHS) Act (42 U.S.C. 242k), as amended, authorizes that the Secretary of Health and Human Services (DHHS), acting through NCHS, shall collect statistics on “family formation, growth, and dissolution,” as well as “determinants of health” and “utilization of health care” in the United States. This clearance request includes the data collection in 2018 forward for the continuous NSFG.

The National Survey of Family Growth (NSFG) was conducted periodically between 1973 and 2002, continuously in 2006–2010, and continuously starting in September 2011, by the National Center for Health Statistics, CDC. Each year, about 15,000 households are screened, with about 5,000 participants interviewed annually. Participation in the NSFG is completely voluntary and confidential. Interviews average 60 minutes for males and 80 minutes for females. The response rate since 2011 has ranged from 69 percent to 77 percent, and the cumulative response rate for the entire fieldwork

period so far (September 2011 through the most current quarter which ended in May 2017) is 69 percent.

The NSFG program produces descriptive statistics which document factors associated with birth and pregnancy rates, including contraception, infertility, marriage, divorce, and sexual activity, in the US household population 15–49 years (15–44 years in survey periods before 2015); and behaviors that affect the risk of sexually transmitted diseases (STD), including HIV, and the medical care associated with contraception, infertility, and pregnancy and childbirth.

NSFG data users include the DHHS programs that fund it, including CDC/NCHS and eleven others (The Eunice Kennedy Shriver National Institute for Child Health and Human Development (NIH/NICHD); the Office of Population Affairs (DHHS/OPA); the Children’s Bureau (DHHS/ACF/CB); the ACF’s Office of Planning, Research, and Evaluation; the CDC’s Division of HIV/AIDS Prevention (CDC/DHAP); the CDC’s Division of STD Prevention (CDC/DSTD); the CDC’s Division of Adolescent and School Health (CDC/DASH); the CDC’s Division of Reproductive Health (CDC/DRH); the CDC’s Division of Cancer Prevention and Control (CDC/DCPC); the CDC’s Division of Nutrition, Physical Activity, and Obesity (CDC/DNPAO); and the CDC’s Division of Birth Defects and Developmental Disabilities (CDC/DBDDD)). The NSFG is also used by state and local governments (primarily for benchmarking to national data); private research and action organizations focused on men’s and women’s health, child well-being, and marriage and the family; academic researchers in the social and public health sciences; journalists, and many others.

This submission requests approval to continue NSFG fieldwork for three years. While no questionnaire revisions are requested, two methodological studies are proposed. The total estimated annualized time burden to respondents is 6,759 hours. There is no cost to respondents other than their time.

#### **ESTIMATED ANNUALIZED BURDEN HOURS**

| Type of respondents             | Form name                 | Number of respondents | Number of responses per respondent | Average burden per response (in hours) |
|---------------------------------|---------------------------|-----------------------|------------------------------------|----------------------------------------|
| Household member .....          | Screeners Interview ..... | 15,000                | 1                                  | 3/60                                   |
| Household .....                 | Female Interview .....    | 2,750                 | 1                                  | 80/60                                  |
| Female 15–49 years of age ..... |                           |                       |                                    |                                        |

## ESTIMATED ANNUALIZED BURDEN HOURS—Continued

| Type of respondents                 | Form name                   | Number of respondents | Number of responses per respondent | Average burden per response (in hours) |
|-------------------------------------|-----------------------------|-----------------------|------------------------------------|----------------------------------------|
| Household .....                     | Male Interview .....        | 2,250                 | 1                                  | 1                                      |
| Male 15–49 years of age .....       |                             |                       |                                    |                                        |
| Household .....                     | Screener Verification ..... | 1,500                 | 1                                  | 2/60                                   |
| member .....                        |                             |                       |                                    |                                        |
| Household .....                     | Main Verification .....     | 500                   | 1                                  | 5/60                                   |
| Individual 15–49 years of age ..... |                             |                       |                                    |                                        |

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### Advisory Board on Radiation and Worker Health (ABRWH or the Advisory Board), National Institute for Occupational Safety and Health (NIOSH)

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice of meeting.

**SUMMARY:** In accordance with the Federal Advisory Committee Act, the CDC announces the following meeting of the Advisory Board on Radiation and Worker Health (ABRWH). This meeting is open to the public, but without a public comment period. The public is welcome to submit written comments in advance of the meeting, to the contact person below. Written comments received in advance of the meeting will be included in the official record of the meeting. The public is also welcome to listen to the meeting by joining the teleconference at the USA toll-free, dial-in number at 1–866–659–0537; the pass code is 9933701. The conference line has 150 ports for callers.

**DATES:** The meeting will be held on June 26, 2018, 11:00 a.m. to 1:00 p.m. EDT.

**ADDRESSES:** Audio Conference Call via FTS Conferencing. The USA toll-free dial-in number is 1–866–659–0537; the pass code is 9933701.

**FOR FURTHER INFORMATION CONTACT:** Theodore Katz, MPA, Designated Federal Officer, NIOSH, CDC, 1600 Clifton Road, Mailstop E–20, Atlanta,

Georgia 30333, Telephone (513) 533–6800, Toll Free 1 (800) CDC–INFO, Email [ocas@cdc.gov](mailto:ocas@cdc.gov).

#### SUPPLEMENTARY INFORMATION:

**Background:** The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines which have been promulgated by the Department of Health and Human Services (HHS) as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC). In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, rechartered under Executive Order 13811 on February 12, 2018, and will terminate on September 30, 2019.

**Purpose:** This Advisory Board is charged with (a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advising the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such

radiation doses may have endangered the health of members of this class.

**Matters to be Considered:** The agenda will include discussions on: Work Group and Subcommittee Reports; Update on the Status of SEC Petitions; Plans for the August 2018 Advisory Board Meeting; and Advisory Board Correspondence. Agenda items are subject to change as priorities dictate.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

**Claudette Grant,**

*Acting Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.*

#### Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled Information Collection for “The EDN Tuberculosis Follow-Up Worksheet for Newly-Arrived Persons with Overseas Tuberculosis Classifications” to the Office of Management and Budget (OMB) for review and approval. CDC previously published a “Proposed Data Collection Submitted for Public Comment and Recommendations” notice on January 31, 2018 to obtain comments from the public and affected agencies. CDC received nine comments
