SUPPLEMENTARY INFORMATION: The Homeland Security Presidential Directive–7, Presidential Policy Directive–21, and the National Infrastructure Protection Plan highlight the need for a centrally managed repository of infrastructure attributes capable of assessing risks and facilitating data sharing. To support this mission need, the DHS CISA ISD developed the CISA Gateway. The CISA Gateway contains several capabilities which support the homeland security mission in the area of critical infrastructure (CI) protection.

The purpose of this collection is to gather the details pertaining to the users of the CISA Gateway for the purpose of creating accounts to access the CISA Gateway. This information is also used to verify a need to know to access the CISA Gateway. After being vetted and granted access, users are prompted and required to take an online training course upon first logging into the system. After completing the training, users are permitted full access to the system. In addition, this collection will gather feedback from the users of the CISA Gateway to determine any future system improvements.

The information gathered will be used by the CISA Gateway Program Management Team to vet users for a need to know and grant access to the system. As part of the registration process, users are required to take a one-time online training course. When

logging into the system for the first time, the system prompts users to take the training courses. Users cannot opt out of the training and are required to take the course in order to gain and maintain access to the system. When users complete the training, the system automatically logs that the training is complete and allows full access to the system.

The collection of information uses automated electronic forms. During the online registration process, there is an electronic form used to create a user account and an online training course required to grant access.

The collection was initially approved on October 9, 2007 and the most recent approval was on August 28, 2020 with an expiration date of August 31, 2023. The changes to the collection since the previous OMB approval include: updating the title of the collection, decrease in burden estimates and decrease in costs. The total annual burden cost for the collection has decreased by \$1,193, from \$5,321 to \$4,128 due to the removal of the utilization survey. The total number of responses has decreased from 350 to 200 due to the removal of the utilization survey. The annual government cost for the collection has decreased by \$6,945 from \$12,668 to 5,723, due to the removal of the utilization survey.

This is a reinstatement with changes of an information collection. OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection:
Request for Construction on Project Mortgages.

OMB Approval Number: 2502–0011.

Type of Request: Reinstatement, with change, of previously approved collection for which approval has expired.

Form Number: HUD–92437.

Description of the need for the information and proposed use:

The previous OMB collection reflects an accurate assessment of the numbers submitted under this collection, which included two forms used by OMAPO, formally Contract Administration, CA (HUD–92442–CA, HUD–92442–A–CA). In addition, the specific forms, HUD–92441, HUD–92442, and HUD–92442–A, have been deleted under this collection and placed under the Closing documents, OMB control number 2502–0598. The current numbers were based on the average of three fiscal years of initial endorsements. Furthermore, the numbers under this collection reflect a healthy housing industry since 2010 in which credit markets stabilized and interest rates were low and Multifamily housing occupancy was very strong. HUD plays a vital part in the housing

industry and the increased numbers reflect that strong demand. This form HUD–92437 serves as the project's change order involving changes to contract work, contract price, or contract time. All on-site construction changes are submitted on this form. The contractor, architect, mortgagor, and mortgagee must approve the proposed changes before the request is submitted to HUD for approval. The form ensures that viable projects are developed.

Respondents: Individuals participating in HUD Multifamily mortgage insurance programs as principals of sponsors, mortgagors, and general contractors.

Estimated Number of Respondents:
1,174.

Estimated Number of Responses:
3,522.

Frequency of Response: 3.

Average Hours per Response: 2.

Total Estimated Burden: 7,044.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507.

Jeffrey D. Little,

General Deputy Assistant Secretary, Office of Housing.
